The head of an office in the Bengal Secretariat also retains the power to appoint men of special ability or aptitude to any post in the office when, on account of the special requirements of the post or other exceptional circumstances, the post cannot be filled in the ordinary way.

3. **Choice of Service.**—Each candidate for direct recruitment will be required to specify in his application the service or services for which he desires to compete, placing them in the order of his preference, and the choice thus indicated will be final. Appointments will be assigned to successful competitors with due consideration of their choice and the number of vacancies in the various services but Government reserve the right to offer to a candidate an appointment to a Service for which the candidate has not specified a desire to compete.

4. **Communal representation.**—The examination board will submit to Government separate lists showing (*a*) the Muhammadan candidates, (*b*) the candidates belonging to the backward classes and other minorities, and (*c*) all others. Appointments will be made from these lists in the order of merit of the candidates, subject to the following provisions :—

Government reserve the right to nominate any qualified candidate in list (*b*).

In services other than the Upper Division of the Secretariat Clerical Service Government reserve the right to fill as many as 45 per cent. of the vacancies by the appointment of Muhammadan candidates if there are qualified candidates available. In the Upper Division of the Secretariat Clerical Service the minimum proportion of Muhammadans is secured by appointing a Muhammadan to every third vacancy in each office if a qualified candidate is available.

All other candidates (not included in the previously mentioned categories) shall apply to the Director of Public Instruction, Bengal:

8. **Application fee.**—No [illegible]ion will be taken into consideration by the nominating authority unless it is accompanied by non-judicial stamps of the value of Rs. 5 or a chalan showing payment into a Government treasury in Bengal of the sum of Rs. 5. This payment is obligatory whether such application is subsequently rejected or not. Applications stamped with postage stamps will not be accepted.

9. **Selection Committee.**—The Governor in Council will appoint a Selection Committee. This Committee will be composed of officials and non-officials in equal numbers and will be presided over by a high officer of Government.

The application of a non-collegiate student nominated by the Registrar of the Calcutta University should be supported by the character certificates mentioned in rule 6. In making these nominations, due regard should be paid to the desirability of different classes and communities being represented in the public service.

11. **Selection certificates.**—In order to make the appraisement of individual merits of candidates possible, the Selection Committee shall issue certificates of selection to such of the nominated candidates, not exceeding 200 in all, as it considers qualified to appear at the examination. The selection or rejection of a candidate by the Selection Committee shall be final, and no candidate shall be admitted to the examination unless he holds such a certificate:

Provided that in making their choice the Selection Committee shall give all possible consideration to the cases of candidates of backward classes and other minorities and shall call for further nominations from the heads of colleges or Commissioners of Divisions if the number of selected Muhammadan candidates does not reach 45 per cent. of the total number selected.

12. **Conditions of eligibility.**—The indispensable qualifications of a candidate are—

(*a*) that he is a native of the province or has a permanent domicile within the province;

(*b*) that he is a natural born subject of His Majesty or of an Indian State;

(*c*) that he is more than 22 and less than 25 years of age on the 1st August of the year in which the examination is held;

(*d*) that he is a graduate;

(*e*) that he is of good character; and

(*f*) that he is of sound health, good physique, active habits and free from organic defect or bodily infirmity.

Along with his application a candidate shall submit proof of his age and certificates from two responsible persons, unconnected with his College or University and not related to him, testifying to his character and stating that he is a native of or has a permanent domicile within the province of Bengal. Such certificates must have been written not more than one year prior to the date of application.

13. **Particulars of candidates.**—The Selection Committee may require such further proof or particulars from the candidates as it may consider necessary, and may make enquiries regarding their character and domicile.

14. **Eligibility of Government servants.**—Unless especially excepted by Government by general or special order, candidates holding substantive appointments in Government service will be debarred from appearing at the examination. Whenever such exception is made, the candidate will be subject to selection by the Selection Committee as if he were duly nominated under rule 10 of these rules.

15. **Canvassing.**—Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Spontaneous recommendations from persons interested in the candidates, or otherwise known to them, will be disregarded.

16. **Examination fee and time-table.**—Every candidate to whom a certificate of selection has been issued will, within a week from the date of its receipt, deposit in the nearest treasury in Bengal a sum of Rs. 50 as examination fee and forward the receipt for the same to the Secretary to the Selection Committee. No part of the fee will be returnable to a candidate. Delay in this respect may render a candidate's name liable to removal from the list of examinees. On complying with this requirement the candidates will receive from the Secretary a time-table for the examination.

17. **Syllabus of examination and marks.**—The examination will be held in the subjects and according to the syllabus shown in Schedule III which also indicates the numerical value to be attached to each paper at the examination.

As the possession of a knowledge of a provincial vernacular is an essential condition for appointment, candidates whose ordinary spoken and written language is not Bengali, must take up translation from English into one of the provincial vernaculars named below:—

(*i*) Bengali,

(*ii*) Hindi,

(*iii*) Urdu,

(*iv*) Nepali,

and *vice versa* in the compulsory paper. Successful candidates, however, who have offered any language other than Bengali in that paper and are appointed to a service for which there is a Departmental Examination will be required to pass completely the Departmental Examinations in Bengali within two years of the date of their appointment to the service.

18. **Medical examination.**—As soon as the result of the examination has been declared, successful candidates will be required to appear before a Medical Board for a certificate of their fitness for Government service in the form shown in Schedule IV. Regulations as to the physical examination are given in the schedule and intending candidates are advised before they apply under rule 6 for admission to the examination, to satisfy themselves that they are likely to qualify as physically fit under these regulations. For recent experience has shown that a considerable number of the candidates who qualify at the competitive examination are subsequently rejected by the Medical Board as unfit.

Chief Secretary to the Government of Bengal (offg.).

SCHEDULE IV.

Candidates selected for appointment after the examination will, before appointment, be called upon to satisfy a Medical Board as to their fitness for appointment to Government service, and will be required to conform to the physical standards laid down in the regulations subjoined.

These regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that Government reserve to themselves an absolute discretion to reject as unfit any candidate whom they may consider, after hearing the opinion of their medical advisers, to be physically disqualified for the public service; and that their discretion is in no respect limited by these regulations.

Regulations as to the physical examination of candidates for appointment to the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Police Service, the Bengal Junior Civil Service, the Bengal Junior Excise Service and the Upper Division of the Secretariat Clerical Service.

General physical requirements.

I. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with the efficient performance of his duty.

II. In the examination of candidates the Medical Board will apply the following table of correlation of age, height and chest girth:—

Age	Height without shoes.	Chest measurement on full expiration.	Chest measurement on full inspiration.
	Inches. Inches.		
21 and upwards	62½ and under 65	30	32
	65 " 68	31	33
	68 " 70	32	34
	70 " 72	33	35½
	72 and upwards	34	36½

III. Measurement of chest.—The candidate will be made to stand erect with his feet together and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape will be carefully gathered in during the process, and when the minimum measurement is reached it will be recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and maximum will then be recorded. In all doubtful cases the functional capacity of the lungs may be tested by means of the spirometer. The minimum vital capacity as tested by the spirometer shall in no case be below 180 cubic inches.

IV. The hearing must be good.

V. The speech must be without impediment.

Form of medical certificate for candidates for appointment to the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Junior Civil Service, the Bengal Junior Excise Service and the Upper Division of the Secretariat Clerical Service.

The attention of the Medical Board is specially directed to the following:—

No person will be deemed qualified for admission to the service who shall not satisfy Government that he has no disease, constitutional affection or bodily infirmity, unfitting him, or likely to unfit him, for the service. It should be understood that the question of fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment to prevent early pension. It is at the same time to be noted that the question is one of the likelihood of continuous effective service, and that the rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service. Before filling up the form it should be ascertained from the candidate whether he has been previously pronounced unfit for Government service by any duly constituted medical authority in India or elsewhere.

No. 131.—The 7th June 1929.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B. C.) of 1876, the Governor in Council proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Salbundh Canal in the Bankura district.

Bankura.

H. J. TWYNAM,

Secretary to the Government of Bengal (offg.).

Leases for a term of years.

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than six years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:—

I.—Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II.—All leases within one block shall be so granted that they may expire on the same date.

III.—No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any probability of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps to be at scale 32″=1 mile when such are available, and elsewhere at scale 16″=1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Circle Officer, Midnapore, in order that the detailed assessment may be taken in hand. The lands to be brought under lease shall be indicated on a copy of the map alluded to in rule 5.

7. The Circle Officer on receipt of the application shall depute an amin to prepare the *khasra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khasra*. Should the survey map and *khasra* not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the *khasra*, the Circle Officer shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Subdivisional Canal Officer, he shall return it to the Circle Officer endorsed with his signature in token of approval.

The Circle Officer shall then prepare a *khatian* or abstract of the *khasra*, and shall have the form of application, given as Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Circle Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officer. The Divisional Canal Officer shall return the application to the Circle Officer, Revenue Division, with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the Circle Officer shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases.

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. II to these rules. This application must be signed in the presence of the Tahsildar or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures should be those of the leading cultivators in the block in question and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. IV to these rules, and shall at once supply water.

Season Leases.

12. Applications for water to irrigate spring rice or other crops between the 16th November and 15th June, may be presented at the Subdivisional Canal Office or to the Sectional Officer. They must be in the form given as Appendix No. V to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix No. VI to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water.

13. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

14. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease.

15. Under the forms of irrigation lease in use, no specific supply of water is promised: but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

16. The Divisional Canal Officer is empowered to give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates.

17. The rates due for water supplied shall be collected by the Circle Officer or other officer in charge of the Revenue Division, Midnapore, through his staff of Tahsildars and peons. All *khatians* or demand statements shall be signed by the Circle Officer or other officer in charge of the Revenue Division after scrutiny in his office.

18. At the time of preparation of the *khatian* in the Circle Officer's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

19. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

20. For the purposes of account, of control over establishment, and of general administration, the Circle Officer or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demands Recovery Act the Circle Officer is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water.

21. Should it be necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged subject to the provision in the schedule of rates attached to these rules.

22. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or *khatian* shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Act shall count from the date on which the statement of the charge may be furnished to the person assessed, which date shall be endorsed on it.

23. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or subordinate employed on the Canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorised use of water.

Complaints and Applications.

24. All complaints or applications with respect to the supply of water, to defective drainage, and generally with respect to the administration of the canal, shall be received on presentation at either divisional or subdivisional canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

Any such complaints or applications, if presented to the Circle Officer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

25. Complaints or applications with respect to corrections of the assessment with respect to the actions of the amins in assessing and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Circle Officer or other officer in charge of the Revenue Division.

26. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

27. The Officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

28. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be reckoned from the date on which the copy of the order is received by the person.

29. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

30. The Divisional Canal Officer is empowered to revise the proceedings of his Subdivisional Canal Officers, and the Superintending Engineer is empowered to call for and to revise the proceedings of all officers under his control.

Remissions and Alterations of Demand.

31. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than 15 days before the reaping of the crop.

32. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer is empowered to remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not, in that season, derived any benefit from the supply of canal water.

33. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least 15 days before the reaping of the crop.

34. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

35. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Circle Officer or other officer in charge of the Revenue Division, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

36. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause will only be allowed under the special orders of the Local Government.

Irrecoverable Demands.

37. The Superintending Engineer is empowered to sanction the write-off of those demands which are reported, after due enquiry by the Circle Officer or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

Cultivators' Representatives.

38. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with the concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

39. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

(*i*) In the preparation of applications for leases.

(*ii*) In the measurement of irrigated lands.

(*iii*) In recording the names of the occupiers of the holdings.

The Circle Officer or other officer in charge of the Revenue Division may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 39 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

41. The Circle Officer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

42. Applicants for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 39 and shall receive remuneration on the same scale as in rule 40.

Power to decline or cancel leases.

43. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 16th of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

44. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous.

(*iii*) That the water shall only be supplied on the written order of the Subdivisional Canal Officer.

(*iv*) That any new outlet or sluice which may be required to allow of the supply being given shall be provided at the cost of the persons who ask for the water.

(*v*) That the supply of water may be stopped at any time it it is found that it is being misused.

46. Except when a public right-of-way exists, no person shall, without the permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself, or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal, or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

47. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Irrigation Act, as a place for relieving the calls of nature, is prohibited. Any person who after due warning commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

48. Should water be required for purposes other than irrigation, it may be supplied, when available, at a rate of one rupee per 10,000 cubic feet of water.

49. No officer employed on the canals, unless especially exempted by the Governor in Council from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly, or in shares with others.

No. 111.—The 13th May 1929.—The following draft of rules and schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make for the Nalchiti-Koterdone Khal joining the Nalchiti river in the north and Biskhali Done leading to the Bakarganj river in the south, in the district of Bakarganj, is hereby published for the information of persons likely to be affected thereby.

Bakarganj.

II. The draft will be taken into consideration on or after the 15th July 1929, and any objections or suggestions received by the undersigned before that date will be considered:—

Draft rules and schedules of rates of tolls.

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

Class I.—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

Class II.—To include steam boats, motor boats, flats and barges and other square-built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements:—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance of engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Government, District Board, other local bodies, or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows:—

(1) On all vessels empty or laden, per hundred maunds	Twelve annas.
(2) On all vessels empty or laden, for 12½ maunds or less	One anna six pies.
(3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth	Six annas each raft.

Tolls will be levied at Nalchiti and Koterdone.

13. For boats frequently using the canal, such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remain in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Irrigation Department on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevant points, not provided for in these rules, shall be decided by the District Board of Bakarganj at a meeting, and shall be subject to the approval of the local Government.

Draft rules.

1. The Superintending Engineer, Southern Circle, may define the limits within which no loading or unloading of cargo from or to vessels or mooring of vessels shall be permitted. The prohibited reaches shall be notified by the supervisor of the channels by posting notices on sign-boards in the locality and also by beat of drum.

2. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast to such posts by the bow and stern in a single line along the banks or in such other manner as the supervisor may direct.

3. Vessels, while moored, should be kept as close to the banks as possible. As the water falls, the bow and stern ropes should be slackened and the vessels gradually pushed towards the centre of the channel. During flood tide vessels must be brought as close to the bank as possible.

4. While mooring at the tow-path side all vessels must lower sail and mast and must not erect any high pole, so that the towage of other vessels may not be obstructed.

5. In order to avoid collision or confusion, vessels waiting at the junction of two or more rivers for a favourable tide must be moored at a distance of not less than 1,000 feet from the point of junction.

6. No vessel or raft shall be moored in such a position or navigated in such a way as to endanger the safety or obstruct the passage of other vessels but must be so moored or navigated as prescribed by these rules or as directed by the supervisor of the channel or his assistants.

7. The supervisor may, by posting notices, prohibit the dropping of anchors or the erection of bamboos or poles in any part of the line of navigation.

8. No jetties, either permanent or temporary, for the purpose of loading or unloading cargo shall be constructed without the previous permission of the supervisor.

9. The supervisor, or an assistant authorised by him, may remove any vessel, anchor, pole, or any other thing which he may find in a position which is in contravention of rules 1 to 8 and may deal with them in such a manner as he thinks necessary.

10. Whenever a laden vessel is seized by the supervisor or by his assistants he shall give immediate notice of the same to the owner or his agent and require the removal of the cargo without delay, and shall warn him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

11. Vessels plying in the narrow channels mentioned below shall not use sail:—

(*a*) Guntia Khali khal (in the reach, mile 68 to mile 72).
(*b*) Cut No. 2 (in the reach, mile 78 to mile 82).
(*c*) Baitaghata khal (in the reach, mile 102 to mile 107).
(*d*) Alaipur khal (in the reach, mile 121 to mile 130).
(*e*) Bemorta khal (in the reach, mile 136 to mile 143).
(*f*) Damodar khal (in the reach, mile 152 to mile 156).
(*g*) Banstoli khal (Outer Boat Route).

12. Where there is a tow-path on one bank only, vessels plying with the current shall keep to the opposite bank, and allow towage to those proceeding against the current.

13. No person is permitted to place any obstruction on the channel banks, roads, drains, canal side bridges, etc., which will impede a free passage along them, or cause injury to them, or to commit any nuisance, or to deposit any obnoxious material thereon or in the channel.

14. No person shall deposit goods of any description on the slopes of the channel between the water line and the high bank, without the previous permission of the supervisor except during the actual process of loading or unloading vessels.

15. All timber must be drawn up on to the bank well above the water.

16. No person shall wilfully or negligently allow a vessel to sink in any part of the line of navigation.

17. All vessels, whether travelling or moored in the channel, between sunset and sunrise, must carry a white light in a lantern on the fore-part of the vessel, where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed in the first part of this rule. This rule does not apply to small uncovered dinghis, not exceeding 15 feet in length, while moored along the bank.

18. The supervisor may, by posting notices on sign-boards, specify a speed-limit for vessels in any reach.

19. *Wrecks.*—In the case of a wreck the supervisor or his subordinates shall offer every assistance in removing the same.

20. It shall be the duty of the supervisor to mark the wreck and to erect warning signals to avoid danger to navigation.

21. If, after seven days of the occurrence of a wreck, prompt measures are not taken by the owner to remove it from the line of navigation, the supervisor, after giving notice to the owner, may arrange for the removal of the same at the expense of the owner. Further, if a wreck obstructs the fairway, the supervisor may take action at once to remove the same and may incur whatever expense is necessary.

22. In the event of the salvage of a wreck being undertaken by the owner of the vessel, or by his agent, and of the obstruction not being removed within seven days, a fine not exceeding Rs. 5 per day for the period commencing from the 8th day of the wreck, or any other day specified by the supervisor, till the wreck is salved, shall be paid by the owner to the supervisor. If the fine be not paid by the owner or his agent, the vessel or any portion of the cargo may be seized by the supervisor and disposed of by sale as directed in section 9 of the Canals Act 5 of 1864.

23. When the supervisor or his assistants remove a wreck, they shall not be liable for any damage to the vessel or cargo, or for any loss before, or in the process of salvage done by them.

24. As soon as a wrecked vessel is salved by the supervisor or his staff, a notice shall be issued by him calling on those concerned to pay to the supervisor all the charges incurred by him on account of the salvage of the vessel or of removing or guarding the cargo under the following heads:—

(*i*) Actual cost of salving the vessel.

(*ii*) Cost of serving the notice.

(*iii*) Cost of removal, maintenance, custody and protection.

(*iv*) Godown charges.

In case of any dispute regarding such charges, the Executive Engineer concerned, on receipt of a written application from the owner of the vessel, shall decide the amount to be paid and his decision shall be final.

25. The vessel, or its cargo, shall not be handed over to the owner until the charges levied under rule 24 have been paid.

26. If, within fifteen days from the publication of a notice under rule 24, or in the event of an application to the Executive Engineer appealing against the notice within fifteen days of the date of the Executive Engineer's decision, the sum demanded be not paid, the vessel, its furniture and any portion of the cargo recovered, shall be sold by the supervisor, by public auction, and the proceeds dealt with in accordance with section 9 of the Canals Act 5 of 1864.

27. All notices under rules 21, 22 and 24 shall be issued in writing by the supervisor, and despatched in a registered cover to the owner of the vessel. If the owner be not known or cannot be traced, a general notice shall be posted on the notice board of the Executive Engineer's office. Also it shall be announced by beat of drum at the hat nearest to the place of salvage, and also by advertisement in at least one English and one vernacular Calcutta or local newspaper.

28. No officer of any description or rank employed on the canals shall, either directly or indirectly, bid for or purchase any article sold under these rules or under the provisions of the Act.

29. For any infringement of rules 1 to 8 and 11 to 18, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 and to an additional fine not exceeding Rs. 5 for each day that the infringement is continued.

2. It is considered that at present the best field for recruitment in India of the small number of recruits required for this Department is the subordinate staff of the State Railway Collieries, provided that a sufficient number of men with necessary educational and practical qualifications are available to enable satisfactory selections to be made.

3. Candidates for the posts of probationers must be persons of Indian domicile, be not over 25 years of age and hold either the Mining Diploma from the Bengal Engineering College or the Diploma of the School of Mines at Dhanbad. Selection for the posts will be made by the Railway Board on the recommendations of a Selection Committee consisting of the Chief Mining Engineer and two other gazetted officer of the Coal Department.

RESOLUTION ON THE REPORT ON THE POLICE ADMINISTRATION IN THE TOWN OF CALCUTTA AND ITS SUBURBS FOR THE YEAR 1928.

GOVERNMENT OF BENGAL.

Police Department.

CALCUTTA, THE 27TH JUNE 1929.

RESOLUTION—No. 2288 Pl.

READ—

The Report on the Police Administration in the town of Calcutta and its suburbs for the year 1928.

The office of Commissioner of Police was held by Sir Charles Tegart, KT., C.I.E., M.V.O., throughout the year.

2. **Strength.**—The sanctioned strength of the Calcutta Police Force at the end of 1928 was practically the same as at the end of the preceding year but the actual strength was increased by 143, although only 673 constables were recruited as compared with 771 in 1927. While it is too early to comment on the effects of the increased pay for sergeants, head constables and officers of lower rank, which was sanctioned with effect from the 1st November 1928, there can be little doubt that the big decrease in the number of vacancies is due to the better conditions of service. It is noteworthy that the number of constables of seventeen years' service and over increased from 357 to 464 while resignations dropped from 119 to 90. The health of the force showed some improvement, the average daily percentage of sick falling to 2·04 and the Governor in Council hopes that this improvement will be maintained and that the Commissioner of Police will not again have occasion to note that many of the men admitted to hospital were suffering from mal-nutrition. He also hopes that the higher pay will attract an increasing number of Bengali recruits.

3. **Housing.**—The programme of building construction for which a loan was obtained from the Government of India is now nearing completion, but the Governor in Council regrets that an examination of the possible annual revenue surplus accruing under the existing financial settlement showed that it was useless to proceed with the formulation of a loan scheme for police buildings in the suburbs. If there is any improvement in the provincial finances, the Commissioner will be asked to revive the project for the consideration of Government, as the present condition of many of the buildings, in which the police are housed in the suburbs, is very unsatisfactory and, as remarked by the Commissioner, the rents which have to be paid are likely to increase with the rapid development of the suburban area.

4. **Discipline.**—The Governor in Council regrets that misconduct on the part of members of the force necessitated [illegible] disciplinary and judicial action in a larger number of cases than in any [illegible] the three preceding years, but trusts that the general public will share his confidence in the Commissioner's determination to tolerate no abuses likely to bring discredit on the force as a whole. The Governor in Council has had occasion to examine a number of cases in which members of the force were dismissed for conniving at the commission of thefts from the jetties, and vessels in the stream, and congratulates the Deputy Commissioner of Police, Mr. Fairweather, on the good work which he did in unearthing the conspiracy and on the vigour and promptness of the action which he took against the police officers concerned.

5. **Crime statistics.**—No reader of the Report can fail to be struck by the large increase in the number of offences reported to the police, and while the Governor in Council desires to invite attention to the fact that only about 5 per cent. of the increase of over 25,000 cases relate to offences punishable under the Indian Penal Code, he regrets to notice that there was an increase of over 40 per cent. in the number of true cases of burglary and of over 30 per cent. in the number of true cases of theft. At the same time, he notes with satisfaction that the number of true cases of burglary in 1928 was less than two-thirds of the number in 1922, while the number of true cases of theft was less than that year's number by one-sixth. In reviewing the report for 1926, the Governor in Council observed that the Presidency Area Emergency Security Act had proved of great value in dealing with criminal gangs, and he now notes that the increase of crime referred to has coincided with the return of most of the well-known offenders dealt with under the Act.

Although the Governor in Council has not examined in detail the question whether the present method of dealing with juveniles, charged with petty offences such as begging and causing obstruction in the streets, can be improved, he is inclined to agree with the remarks of the Commissioner on the point.

6. **Revolutionary crime and seditious writings and speeches.**—The Governor in Council is pleased to record that, during the year, the remainder of the persons imprisoned under the Bengal Criminal Law Amendment Act were released from restraint, and that it was not considered necessary to make any fresh arrests. While noticing with satisfaction that no overt act of violence was perpetrated by terrorists in Calcutta, he is still of opinion that constant vigilance on the part of the police is necessary.

While it has given His Excellency great satisfaction to be able to dispense with practically all the powers vested in him under the Bengal Criminal Law Amendment Act, he regrets that he has been compelled to order a considerable number of prosecutions for seditious speeches and writings. He trusts that the press of Bengal will not again be disgraced by the publication of such an article as appeared in a now defunct newspaper, the obvious intention of which was to incite race hatred and which was characterised by the Chief Justice as a deliberate piece of rascality.

7. **Public order.**—Owing to the easing of inter-communal tension and the elaborate precautions taken by the police on the occasion of important Hindu and Muhammadan festivals, there was no outbreak of rioting between members of these two communities. His Excellency in Council trusts that the situation will continue to improve so that the police will be relieved to some extent of the great strain to which they have been subjected on such occasions in recent years.

The Governor in Council desires to express his approval of the way in which the police handled the difficult situation created on the 3rd February 1928, the day on which the Statutory Commission arrived in India, when large numbers of youths, whose feelings had been worked up by an elaborate newspaper campaign, got out of hand and violently obstructed the running of tramway cars in Bhowanipur and near the University. His Excellency in Council entertained serious apprehensions that there would be a similar outbreak of disorder on the arrival of the Commission in Calcutta in December and during their stay in the City, which synchronised with the visit of His Excellency the Viceroy and the session of the Congress and a number of connected conferences. The coincidence of these events involved a great deal of extra work for the police which was cheerfully undertaken and the critical period passed without any serious disturbance.

8. **Labour.**—The strike of Corporation scavengers in May and June called for tactful handling on the part of the Calcutta Police force, which had also the difficult task, successfully discharged, of shepherding a large number of processions during the course of the East Indian Railway strike at Howrah.

9. **Traffic.**—The Governor in Council notices that there has been a further increase in the number of public service motor vehicles plying in Calcutta and is greatly interested in the Commissioner's remarks about the improvement in the quality of vehicles recently placed on the streets. The preparation of an up-to-date set of rules governing the use of motor vehicles in Calcutta, the co-ordination of bus services and the reorganization of the clerical and executive staff show that the Motor Vehicles Department has benefited by the visit of the Inspector of the London Traffic Police. The Governor in Council realises, however, that firm direction and control by the police must be backed by willing co-operation on the part of users of the road and trusts that owners of motor cars will, both by their own example and by the instruction of their drivers in the observance not only of the rules but also of the courtesies of the road, contribute to the smooth running of motor vehicle traffic in Calcutta.

10. **Miscellaneous.**—Attention has been called recently in the public press to the nuisance caused by beggars, hawkers and stray cattle, and a considerable portion of the time and energy of the police has been devoted to an attempt to mitigate such nuisances, but in the present state of the law police action can have little effect. The Governor in Council is of opinion that much could be done by the Corporation to improve the present situation; and he desires to assure that body that any exercise by them of the powers which they possess, or could acquire, would meet with the strongest co-operation on the part of Government.

11. **Commendation of officers.**—The Governor in Council has been pleased to read the tribute which the Commissioner of Police has paid to his Deputy Commissioners and to some of his Assistant Commissioners, inspectors and sub-inspectors. His Excellency in Council desires to take this opportunity of placing on record his appreciation of the services of Sir Charles Tegart and of the general efficiency of the administration of the police in Calcutta.

Order.—Ordered that a copy of this resolution be forwarded to the Commissioner of Police, Calcutta, the Chief Presidency Magistrate, Calcutta, and the Commissioner of the Presidency Division, for information.

Ordered also that a copy of the resolution and a copy of the report be submitted to the Government of India in the Home Department.

Ordered also that the resolution be published in the *Calcutta Gazette*.

Draft rules.

1. The Superintending Engineer, Southern Circle, may define the limits within which no loading or unloading of cargo from or to vessels or mooring of vessels shall be permitted. The prohibited reaches shall be notified by the supervisor of the channels by posting notices on sign-boards in the locality and also by beat of drum.

2. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast to such posts by the bow and stern in a single line along the banks or in such other manner as the supervisor may direct.

3. Vessels, while moored, should be kept as close to the banks as possible. As the water falls, the bow and stern ropes should be slackened and the vessels gradually pushed towards the centre of the channel. During flood tide vessels must be brought as close to the bank as possible.

4. While mooring at the tow-path side all vessels must lower sail and mast and must not erect any high pole, so that the towage of other vessels may not be obstructed.

5. In order to avoid collision or confusion, vessels waiting at the junction of two or more rivers for a favourable tide must be moored at a distance of not less than 1,000 feet from the point of junction.

6. No vessel or raft shall be moored in such a position or navigated in such a way as to endanger the safety or obstruct the passage of other vessels but must be so moored or navigated as prescribed by these rules or as directed by the supervisor of the channel or his assistants.

7. The supervisor may, by posting notices, prohibit the dropping of anchors or the erection of bamboos or poles in any part of the line of navigation.

8. No jetties, either permanent or temporary, for the purpose of loading or unloading cargo shall be constructed without the previous permission of the supervisor.

9. The supervisor, or an assistant authorised by him, may remove any vessel, anchor, pole, or any other thing which he may find in a position which is in contravention of rules 1 to 8 and may deal with them in such a manner as he thinks necessary.

10. Whenever a laden vessel is seized by the supervisor or by his assistants he shall give immediate notice of the same to the owner or his agent and require the removal of the cargo without delay, and shall warn him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

11. Vessels plying in the narrow channels mentioned below shall not use sail:—

(*a*) Guntia Khali khal (in the reach, mile 68 to mile 72).
(*b*) Cut No. 2 (in the reach, mile 78 to mile 82).

(*f*) Damodar khal (in the reach, mile 152 to mile 156).
(*g*) Banstoli khal (Outer Boat Route).

12. Where there is a tow-path on one bank only, vessels plying with the current shall keep to the opposite bank, and allow towage to those proceeding against the current.

13. No person is permitted to place any obstruction on the channel banks, roads, drains, canal side bridges, etc., which will impede a free passage along them, or cause injury to them, or to commit any nuisance, or to deposit any obnoxious material thereon or in the channel.

14. No person shall deposit goods of any description on the slopes of the channel between the water line and the high bank, without the previous permission of the supervisor except during the actual process of loading or unloading vessels.

15. All timber must be drawn up on to the bank well above the water.

16. No person shall wilfully or negligently allow a vessel to sink in any part of the line of navigation.

17. All vessels, whether travelling or moored in the channel, between sunset and sunrise, must carry a white light in a lantern on the fore-part of the vessel, where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed in the first part of this rule. This rule does not apply to small uncovered dinghis, not exceeding 15 feet in length, while moored along the bank.

18. The supervisor may, by posting notices on sign-boards, specify a speed-limit for vessels in any reach.

19. *Wrecks.*—In the case of a wreck the supervisor or his subordinates shall offer every assistance in removing the same.

20. It shall be the duty of the supervisor to mark the wreck and to erect warning signals to avoid danger to navigation.

21. If, after seven days of the occurrence of a wreck, prompt measures are not taken by the owner to remove it from the line of navigation, the supervisor, after giving notice to the owner, may arrange for the removal of the same at the expense of the owner. Further, if a wreck obstructs the fairway, the supervisor may take action at once to remove the same and may incur whatever expense is necessary.

22. In the event of the salvage of a wreck being undertaken by the owner of the vessel, or by his agent, and of the obstruction not being removed within seven days, a fine not exceeding Rs. 5 per day for the period commencing from the 8th day of the wreck, or any other day specified by the supervisor, till the wreck is salved, shall be paid by the owner to the supervisor. If the fine be not paid by the owner or his agent, the vessel or any portion of the cargo may be seized by the supervisor and disposed of by sale as directed in section 9 of the Canals Act 5 of 1864.

23. When the supervisor or his assistants remove a wreck, they shall not be liable for any damage to the vessel or cargo, or for any loss before, or in the process of salvage done by them.

24. As soon as a wrecked vessel is salved by the supervisor or his staff, a notice shall be issued by him calling on those concerned to pay to the supervisor all the charges incurred by him on account of the salvage of the vessel or of removing or guarding the cargo under the following heads:—

(*i*) Actual cost of salving the vessel.

(*ii*) Cost of serving the notice.

(*iii*) Cost of removal, maintenance, custody and protection.

(*iv*) Godown charges.

In case of any dispute regarding such charges, the Executive Engineer concerned, on receipt of a written application from the owner of the vessel, shall decide the amount to be paid and his decision shall be final.

25. The vessel, or its cargo, shall not be handed over to the owner until the charges levied under rule 24 have been paid.

26. If, within fifteen days from the publication of a notice under rule 24, or in the event of an application to the Executive Engineer appealing against the notice within fifteen days of the date of the Executive Engineer's decision, the sum demanded be not paid, the vessel, its furniture and any portion of the cargo recovered, shall be sold by the supervisor, by public auction, and the proceeds dealt with in accordance with section 9 of the Canals Act 5 of 1864.

27. All notices under rules 21, 22 and 24 shall be issued in writing by the supervisor, and despatched in a registered cover to the owner of the vessel. If the owner be not known or cannot be traced, a general notice shall be posted on the notice board of the Executive Engineer's office. Also it shall be announced by beat of drum at the hat nearest to the place of salvage, and also by advertisement in at least one English and one vernacular Calcutta or local newspaper.

28. No officer of any description or rank employed on the canals shall, either directly or indirectly, bid for or purchase any article sold under these rules or under the provisions of the Act.

29. For any infringement of rules 1 to 8 and 11 to 18, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 and to an additional fine not exceeding Rs. 5 for each day that the infringement is continued.

CALCUTTA, THE 9TH JULY 1929.

RESOLUTION—No. 2047M.

The attention of Government having been drawn to the mismanagement of their affairs by the Baruipur Municipal Board, the Additional Magistrate of the 24-Parganas was deputed to hold a special enquiry into the state of affairs with reference to the powers of the Local Government under section 65 of the Bengal Municipal Act. The enquiry was held in the presence of the Chairman, Vice-Chairman, and three of the Commissioners, others having failed to attend, on the 27th April 1929; and the report of the Additional Magistrate has been taken into consideration by Government. The position of affairs in this municipality is as follows:—

Municipal elections.

The re-constitution of the municipality is long overdue. The general elections were fixed for the 11th October 1928, but were stopped by a civil court injunction on the ground of irregularities in procedure, and there appears to be no prospect of the formation of a new board in the near future.

Administrative position.

Meanwhile the existing board has practically ceased to function owing to party factions, one outcome of which was the issue of an injunction by the civil court stopping its meeting in January last. No meeting appears in fact to have been held this year except that on the 12th April referred to below. Municipal activities are at a standstill. No road was repaired in 1928-29, and only a small portion of the budget provision for water-supply was spent. Street lighting was found to have been stopped for three months preceding the special enquiry.

Finance and Accounts.

At the time of inspection the municipality was practically bankrupt with a cash balance of Rs. 712 and unrealized taxes of Rs. 1,591 as against liabilities in unpaid bills of Rs. 4,182. No attempt has been made to remedy the defects pointed out at the last audit; and the reply to the audit note for the year 1926-27 was issued by the Chairman in February 1929 without being considered by the Commissioners at a meeting. The budget for the year 1929-30 had not been prepared at the time of inspection.

Assessment.

The revision of assessment was finished by the assessor in December 1928, but proper steps have not yet been taken to deal with objections. A meeting of the Municipal Commissioners was convened on the 12th April to form an appeal committee, but the matter appears to have ended in confusion, the Chairman declaring that an appeal committee was formed, but the opposition who were in a majority maintaining that no appeal committee was legally appointed; and there was in fact no recognized appeal committee in existence at the time of inspection. There is every prospect therefore that the revision of assessment will remain inoperative.

Dispensary.

The party faction which has been so injurious to municipal affairs has reached its climax in the management of the dispensary. The formation of a new dispensary committee which should have taken place two years ago was frustrated by recourse to the civil court, and the old committee is still in existence.

After the death of the medical officer of the dispensary in August 1928 the dispensary committee and the Chairman of the municipality each purported to appoint a doctor to the dispensary. The dispensary committee's nominee who actually took charge of this dispensary died in February 1929, and again rival appointments were made to the post, the doctor who actually took charge leaving within a month. Since then it is reported that the dispensary is practically closed. A bill of Rs. 1,795 for the supply of medicines remains unpaid, and it was with the greatest difficulty under pressure from the Subdivisional Officer that payment of the dispensary staff and of the dues of the deceased doctor was secured from the municipal fund.

The Additional Magistrate of the 24-Parganas sums up his report in the following words:—

"It is clear from the above that the position is almost hopeless, public affairs being conducted for the satisfaction of private grudge and not for the public benefit. As a result of the party factions, the dispensary has been totally neglected and it is now practically closed, it has no doctor or compounder and neither any equipment nor medicine; the budget for the current year has not yet been prepared, the monthly meetings of the municipal board have practically ceased, the general elections have been hung up by injunction issued by the civil court, no road was repaired in 1928-29, street lighting has stopped for the last three months and water-supply has been sadly neglected. The financial condition of the municipality is deteriorating and there is very little prospect of the revision of assessment made by the assessor being given effect to in the near future as the majority of the Commissioners seem to be opposed to it. It is clear that the Municipal Commissioners have persistently made default in the performance of their duties, and I beg to recommend that action should be taken to supersede the municipality for one year for the present under section 65 of the Bengal Municipal Act to restore order and normal working in the municipality."

His Excellency the Governor acting in the exercise of his powers under section 65 of the Bengal Municipal Act, read with rule 2 (2) of the Transferred Subjects (Temporary Administration) Rules, is of opinion that the Commissioners of the Baruipur Municipality are not competent to perform, and have persistently made defaults in the performance of, the duties imposed on them under the Bengal Municipal Act, and declares that the Commissioners are incompetent and in default, and supersedes them for a period of one year from the date of this order. He further directs under section 66 (*b*) of the Bengal Municipal Act that during this period all the powers and duties of the Commissioners shall be exercised and performed by the Circle Officer, Baruipur.

By order of the Government of Bengal,

C. W. GURNER,

Secy. to the Govt. of Bengal (offg.).

(2) Such nomination of each candidate shall be made in writing with complete particulars required on a separate nomination paper in Form II in the Appendix to these rules, which shall be supplied by the Returning Officer concerned on application.

14. On receipt of each nomination paper the Returning Officer shall forthwith endorse thereon the date and hour of its receipt.

15. If more nomination papers than are allowed by the proviso to rule 13 (3) be subscribed by the same elector, then only the permissible number of such nomination papers first received by the Returning Officer shall, if otherwise, in order, be held to be valid, but if the Returning Officer is unable to determine the order in which such nomination papers were received by him, all of such nomination papers shall be held to be invalid.

Voting.

19. (1) If, in the case of an election under any clause of section 4 other than clause (*d*) and clause (*e*) the number of duly nominated candidates, with or without special qualifications as required by section 4, who stand for election does not exceed the number of members with or without the same qualifications to be elected at the time under that clause, the Returning Officer shall forthwith declare such candidate or candidates (if duly qualified) to be elected.

(2) If the number of such candidates exceeds the number of members to be so elected, the Returning Officer shall –

(*a*) cause the names, qualifications, with any special qualifications required by section 4, registration numbers and addresses of the candidates offering for election under each such clause to be entered alphabetically in the order of their surnames in a separate voting paper in Form III in the Appendix to these rules, and

(*b*) thereupon publish in the *Calcutta Gazette* the said names, with the respective qualifications, and addresses, classified according to the clauses of section 4.

(3) The Returning Officer shall by a date fixed under rule 26 of these rules send by registered post to each elector concerned one such voting paper (and no more) of candidates for election under the clause or clauses of section 4 under which he is qualified to vote.

20. Each elector shall mark the voting paper issued to him with a cross × against the name or names of the candidate or candidates (not exceeding the number of members to be elected) for whom he intends to vote but no elector shall give more than one vote to any one candidate:

Provided that—

(*a*) at a general election—

(*i*) for an electorate under clause (*g*) a maximum number of two votes may be given to two candidates, of whom one must be a teacher. Should an elector vote for more candidates than one, one of the candidates must be a teacher.

(*ii*) for an electorate under clause (*f*) and an electorate under clause (*h*) a maximum number of four and three votes respectively may be given to as many candidates, of whom in each case one shall be a teacher and another a registered practitioner, practising outside Calcutta.

Should an elector vote for more than two candidates for the former and more than one candidate for the latter electorate, in case he records a single additional vote it must be in favour of a candidate who is either a teacher or a registered practitioner, practising outside Calcutta, or who combines both these special qualifications in himself; in case he records two additional votes they must be in favour of two candidates who possess in the alternative the qualification of a teacher or a registered practitioner, practising outside Calcutta or combine both qualifications in themselves. In the event of a single candidate thus supported possessing both qualifications the second additional vote may be recorded in favour of a qualified candidate who is neither a teacher nor a registered practitioner, practising outside Calcutta.

The elector shall sign the requisite declaration printed on the counterfoil of the voting paper and deliver it personally to or send it by post to reach the Returning Officer on or before the latest day and time fixed by him for the return of voting papers. Every voting paper in respect of which any requirement of these rules has not been complied with or on which a mark is placed in such a manner as to make it doubtful to which candidate the vote is given or on which the elector has placed any mark whereby he may be afterwards identified, or which is not received by the Returning Officer on or before the latest day and time fixed for the return of voting papers, shall be invalid.

Counting of votes and declaration and publication of results of election.

21. (1) On receiving the voting papers, the Returning Officer shall note thereon the date and time of their receipt and examine them to see whether they have been correctly filled up in respect of every requisite particular and in the case of an election under clause *(f)* or clause *(h)* of section 4, shall divide the said voting papers into two sets corresponding to the two parts of the election roll prescribed by rule 12.

(2) The Returning Officer shall record his decision "accepted" or "rejected" on every voting paper and in the case of rejection indicate thereon with reference to rule 20 the ground of rejection in brief.

(3) The Returning Officer shall separate or cause to be separated the voting paper which he deems valid from those which he rejects and shall tear off the counterfoils and place them in safe custody, pending disposal under rule 24.

22. (1) The Returning Officer shall attend for the purpose of counting the votes on such date and at such time and place as may be appointed by him under rule 26.

(2) Every candidate may be present in person or may send a representative, duly authorised by him in writing, to watch the process of counting.

(3) The Returning Officer shall show the voting papers, but not the counterfoils, to the candidates or their representatives.

(4) If any objection is taken to his decision of acceptance or rejection of any voting paper, such objection shall be decided at once by the Returning Officer, whose decision shall, subject to the provisions of rules 28 and 29, be final.

Finality of decisions of the Local Government.

28. The Local Government may, of its own motion or on objection made, declare any election to the Council to be void on account of corrupt practice (*e.g.*, bribery, undue influence, personation, publication of false statements) or any other sufficient cause, and may call on the electorate to make a fresh election within a specified date, and any decision of the Local Government under this rule shall be final.

Draft rules.

1. The Superintending Engineer, Southern Circle, may define the limits within which no loading or unloading of cargo from or to vessels or mooring of vessels shall be permitted. The prohibited reaches shall be notified by the supervisor of the channels by posting notices on sign-boards in the locality and also by beat of drum.

2. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast to such posts by the bow and stern in a single line along the banks or in such other manner as the supervisor may direct.

3. Vessels, while moored, should be kept as close to the banks as possible. As the water falls, the bow and stern ropes should be slackened and the vessels gradually pushed towards the centre of the channel. During flood tide vessels must be brought as close to the bank as possible.

4. While mooring at the tow-path side all vessels must lower sail and mast and must not erect any high pole, so that the towage of other vessels may not be obstructed.

5. In order to avoid collision or confusion, vessels waiting at the junction of two or more rivers for a favourable tide must be moored at a distance of not less than 1,000 feet from the point of junction.

6. No vessel or raft shall be moored in such a position or navigated in such a way as to endanger the safety or obstruct the passage of other vessels but must be so moored or navigated as prescribed by these rules or as directed by the supervisor of the channel or his assistants.

7. The supervisor may, by posting notices, prohibit the dropping of anchors or the erection of bamboos or poles in any part of the line of navigation.

8. No jetties, either permanent or temporary, for the purpose of loading or unloading cargo shall be constructed without the previous permission of the supervisor.

9. The supervisor, or an assistant authorised by him, may remove any vessel, anchor, pole, or any other thing which he may find in a position which is in contravention of rules 1 to 8 and may deal with them in such a manner as he thinks necessary.

10. Whenever a laden vessel is seized by the supervisor or by his assistants he shall give immediate notice of the same to the owner or his agent and require the removal of the cargo without delay, and shall warn him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

11. Vessels plying in the narrow channels mentioned below shall not use sail:—

(*a*) Guntia Khali khal (in the reach, mile 68 to mile 72).

(*b*) Cut No. 2 (in the reach, mile 78 to mile 82).

(*c*) Baitaghata khal (in the reach, mile 102 to mile 107).

(*d*) Alaipur khal (in the reach, mile 121 to mile 130).

(*e*) Bemorta khal (in the reach, mile 136 to mile 143).

(*f*) Damodar khal (in the reach, mile 152 to mile 156).

(*g*) Banstoli khal (Outer Boat Route).

12. Where there is a tow-path on one bank only, vessels plying with the current shall keep to the opposite bank, and allow towage to those proceeding against the current.

13. No person is permitted to place any obstruction on the channel banks, roads, drains, canal side bridges, etc., which will impede a free passage along them, or cause injury to them, or to commit any nuisance, or to deposit any obnoxious material thereon or in the channel.

14. No person shall deposit goods of any description on the slopes of the channel between the water line and the high bank, without the previous permission of the supervisor except during the actual process of loading or unloading vessels.

15. All timber must be drawn up on to the bank well above the water.

16. No person shall wilfully or negligently allow a vessel to sink in any part of the line of navigation.

17. All vessels, whether travelling or moored in the channel, between sunset and sunrise, must carry a white light in a lantern on the fore-part of the vessel, where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed

in the first part of this rule. This rule does not apply to small uncovered dinghis, not exceeding 15 feet in length, while moored along the bank.

18. The supervisor may, by posting notices on sign-boards, specify a speed-limit for vessels in any reach.

19. *Wrecks.*—In the case of a wreck the supervisor or his subordinates shall offer every assistance in removing the same.

20. It shall be the duty of the supervisor to mark the wreck and to erect warning signals to avoid danger to navigation.

21. If, after seven days of the occurrence of a wreck, prompt measures are not taken by the owner to remove it from the line of navigation, the supervisor, after giving notice to the owner, may arrange for the removal of the same at the expense of the owner. Further, if a wreck obstructs the fairway, the supervisor may take action at once to remove the same and may incur whatever expense is necessary.

22. In the event of the salvage of a wreck being undertaken by the owner of the vessel, or by his agent, and of the obstruction not being removed within seven days, a fine not exceeding Rs. 5 per day for the period commencing from the 8th day of the wreck, or any other day specified by the supervisor, till the wreck is salved, shall be paid by the owner to the supervisor. If the fine be not paid by the owner or his agent, the vessel or any portion of the cargo may be seized by the supervisor and disposed of by sale as directed in section 9 of the Canals Act 5 of 1864.

23. When the supervisor or his assistants remove a wreck, they shall not be liable for any damage to the vessel or cargo, or for any loss before, or in the process of salvage done by them.

24. As soon as a wrecked vessel is salved by the supervisor or his staff, a notice shall be issued by him calling on those concerned to pay to the supervisor all the charges incurred by him on account of the salvage of the vessel or of removing or guarding the cargo under the following heads:—

(*i*) Actual cost of salving the vessel.

(*ii*) Cost of serving the notice.

(*iii*) Cost of removal, maintenance, custody and protection.

(*iv*) Godown charges.

In case of any dispute regarding such charges, the Executive Engineer concerned, on receipt of a written application from the owner of the vessel, shall decide the amount to be paid and his decision shall be final.

25. The vessel, or its cargo, shall not be handed over to the owner until the charges levied under rule 24 have been paid.

26. If, within fifteen days from the publication of the notice under rule 24, or in the event of an application to the Executive Engineer appealing against the notice within fifteen days of the date of the Executive Engineer's decision, the sum demanded be not paid, the vessel, its furniture and any portion of the cargo recovered, shall be sold by the supervisor, by public auction, and the proceeds dealt with in accordance with section 9 of the Canals Act 5 of 1864.

27. All notices under rules 21, 22 and 24 shall be issued in writing by the supervisor, and despatched in a registered cover to the owner of the vessel. If the owner be not known or cannot be traced, a general notice shall be posted on the notice board of the Executive Engineer's office. Also it shall be announced by beat of drum at the hat nearest to the place of salvage, and also by advertisement in at least one English and one vernacular Calcutta or local newspaper.

28. No officer of any description or rank employed on the canals shall, either directly or indirectly, bid for or purchase any article sold under these rules or under the provisions of the Act.

29. For any infringement of rules 1 to 8 and 11 to 18, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 and to an additional fine not exceeding Rs. 5 for each day that the infringement is continued.

No. 141.—The 7th June 1929.—The following draft of rules, which, in exercise of the powers conferred by section 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of the previous notification on the subject, No. 5, dated the 12th April 1915, the Governor in Council intends to make for the lines of navigation known

as the Eastern Canals and the Outer Boat Route, as defined in notification No. 230, dated the 23rd July 1895, and for the navigable channels extending from Khulna in the district of Khulna to Magura in the district of Jessore, as defined in notification No. 7, dated the 1st September 1914, is hereby published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

The draft will be taken into consideration on or after the 15th August 1929, and any objections or suggestions which may be received by the undersigned before that date will be duly considered.

Draft rules.

1. The Superintending Engineer, Southern Circle, may define the limits within which no loading or unloading of cargo from or to vessels or mooring of vessels shall be permitted. The prohibited reaches shall be notified by the supervisor of the channels by posting notices on sign-boards in the locality and also by beat of drum.

2. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast to such posts by the bow and stern in a single line along the banks or in such other manner as the supervisor may direct.

3. Vessels, while moored, should be kept as close to the banks as possible. As the water falls, the bow and stern ropes should be slackened and the vessels gradually pushed towards the centre of the channel. During flood tide vessels must be brought as close to the bank as possible.

4. While mooring at the tow-path side all vessels must lower sail and mast and must not erect any high pole, so that the towage of other vessels may not be obstructed.

5. In order to avoid collision or confusion, vessels waiting at the junction of two or more rivers for a favourable tide must be moored at a distance of not less than 1,000 feet from the point of junction.

6. No vessel or raft shall be moored in such a position or navigated in such a way as to endanger the safety or obstruct the passage of other vessels but must be so moored or navigated as prescribed by these rules or as directed by the supervisor of the channel or his assistants.

7. The supervisor may, by posting notices, prohibit the dropping of anchors or the erection of bamboos or poles in any part of the line of navigation.

8. No jetties, either permanent or temporary, for the purpose of loading or unloading cargo shall be constructed without the previous permission of the supervisor.

9. The supervisor, or an assistant authorised by him, may remove any vessel, anchor, pole, or any other thing which he may find in a position which is in contravention of rules 1 to 8 and may deal with them in such a manner as he thinks necessary.

10. Whenever a laden vessel is seized by the supervisor or by his assistants he shall give immediate notice of the same to the owner or his agent and require the removal of the cargo without delay, and shall warn him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

11. Vessels plying in the narrow channels mentioned below shall not use sail:—

(a) Guntia Khali khal (in the reach, mile 68 [illegible] 72).
(b) Cut No. 2 (in the reach, mile 78 to mile [illegible]).
(c) Baitaghata khal (in the reach, mile 102 to mile 107).
(d) Alaipur khal (in the reach, mile 121 to mile 130).
(e) Bemorta khal (in the reach, mile 136 to mile 143).
(f) Damodar khal (in the [illegible]le 152 to mile 156).
(g) Banstoli khal (O[illegible]t Route).

12. Where there is a tow-path on one bank only, vessels plying with the current shall keep to the opposite bank, and allow towage to those proceeding against the current.

13. No person is permitted to place any obstruction on the channel banks, roads, drains, canal side bridges, etc., which will impede a free passage along them, or cause injury to them, or to commit any nuisance, or to deposit any obnoxious material thereon or in the channel.

14. No person shall deposit goods of any description on the slopes of the channel between the water line and the high bank, without the previous permission of the supervisor except during the actual process of loading or unloading vessels.

15. All timber must be drawn up on to the bank well above the water.

16. No person shall wilfully or negligently allow a vessel to sink in any part of the line of navigation.

17. All vessels, whether travelling or moored in the channel, between sunset and sunrise, must carry a white light in a lantern on the fore-part of the vessel, where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed in the first part of this rule. This rule does not apply to small uncovered dinghis, not exceeding 15 feet in length, while moored along the bank.

18. The supervisor may, by posting notices on sign-boards, specify a speed-limit for vessels in any reach.

19. *Wrecks.*—In the case of a wreck the supervisor or his subordinates shall offer every assistance in removing the same.

20. It shall be the duty of the supervisor to mark the wreck and to erect warning signals to avoid danger to navigation.

21. If, after seven days of the occurrence of a wreck, prompt measures are not taken by the owner to remove it from the line of navigation, the supervisor, after giving notice to the owner, may arrange for the removal of the same at the expense of the owner. Further, if a wreck obstructs the fairway, the supervisor may take action at once to remove the same and may incur whatever expense is necessary.

22. In the event of the salvage of a wreck being undertaken by the owner of the vessel, or by his agent, and of the obstruction not being removed within seven days, a fine not exceeding Rs. 5 per day for the period commencing from the 8th day of the wreck, or any other day specified by the supervisor, till the wreck is salved, shall be paid by the owner to the supervisor. If the fine be not paid by the owner or his agent, the vessel or any portion of the cargo may be seized by the supervisor and disposed of by sale as directed in section 9 of the Canals Act 5 of 1864.

23. When the supervisor or his assistants remove a wreck, they shall not be liable for any damage to the vessel or cargo, or for any loss before, or in the process of salvage done by them.

24. As soon as a wrecked vessel is salved by the supervisor or his staff, a notice shall be issued by him calling on those concerned to pay to the supervisor all the charges incurred by him on account of the salvage of the vessel or of removing or guarding the cargo under the following heads:—

(i) Actual cost of salving the vessel.
(ii) Cost of serving the notice.
(iii) Cost of removal, maintenance, custody and protection.
(iv) Godown charges.

In case of any dispute regarding such charges, the Executive Engineer concerned, on receipt of a written application from the owner of the vessel, shall decide the amount to be paid and his decision shall be final.

25. The vessel, or its cargo, shall not be handed over to the owner until the charges levied under rule 24 have been paid.

26. If, within fifteen days from the publication of a notice under rule 24, or in the event of an application to the Executive Engineer appealing against the notice within fifteen days of the date of the Executive Engineer's decision, the sum demanded be not paid, the vessel, its furniture and any portion of the cargo recovered, shall be sold by the supervisor, by public auction, and the proceeds dealt with in accordance with section 9 of the Canals Act 5 of 1864.

27. All notices under rules 21, 22 and 24 shall be issued in writing by the supervisor, and despatched in a registered cover to the owner of the vessel. If the owner be not known or cannot be traced, a general notice shall be posted on the notice board of the Executive Engineer's office. Also it shall be announced by beat of drum at the hat nearest to the place of salvage, and also by advertisement in at least one English and one vernacular Calcutta or local newspaper.

28. No officer of any description or rank employed on the canals shall, either directly or indirectly, bid for or purchase any article sold under these rules or under the provisions of the Act.

29. For any infringement of rules 1 to 8 and 11 to 18, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 and to an additional fine not exceeding Rs. 5 for each day that the infringement is continued.

Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

Class I.—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

Class II.—To include steam boats, motor boats, flats and barges and other square-built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements:—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance of engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows:—

(1) On all vessels empty or laden, per hundred maunds	Twelve annas.
(2) On all vessels empty or laden, for 12½ maunds or less	One anna six pies.
(3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth	Six annas each raft.

Tolls will be levied at Nalchiti and Koterdone.

13. For boats frequently using the canal, such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remain in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Irrigation Department on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevant points, not provided for in these rules, shall be decided by the District Board of Bakarganj at a meeting, and shall be subject to the approval of the local Government.

No. 201.—19th July 1929.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B. C.) of 1876, the Governor in Council is pleased to pass, with effect from the 10th August 1929, the following rules and to fix the undermentioned rates to be charged for water supplied from the Salbundh Canal in the Bankura district.

A draft of these rules was published in the *Calcutta Gazette* of the 13th, 20th and 27th June and 4th July 1929 under notification No. 131., dated the 7th June 1929:—

Leases for a term of years.

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than six years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions: —

I.—Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II.—All leases within one block shall be so granted that they may expire on the same date.

III.—No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any probability of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps to be at scale 32″ = 1 mile when such are available, and elsewhere at scale 16″ = 1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Circle Officer, Midnapore, in order that the detailed assessment may be taken in hand. The lands to be brought under lease shall be indicated on a copy of the map alluded to in rule 5.

7. The Circle Officer on receipt of the application shall depute an amin to prepare the *khasra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khasra*. Should the survey map and *khasra* not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the *khasra*, the Circle Officer shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Subdivisional Canal Officer, he shall return it to the Circle Officer endorsed with his signature in token of approval.

The Circle Officer shall then prepare a *khatian* or abstract of the *khasra*, and shall have the form of application, given as Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Circle Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officer. The Divisional Canal Officer shall return the application to the Circle Officer, Revenue Division, with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the Circle Officer shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases.

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. II to these rules. This application must be signed in the presence of the Tahsildar or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures should be those of the leading cultivators in the block in question and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. IV to these rules, and shall at once supply water.

Season Leases.

12. Applications for water to irrigate spring rice or other crops between the 16th November and 15th June, may be presented at the Subdivisional Canal Office or to the Sectional Officer. They must be in the form given as Appendix No. V to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix No. VI to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water.

13. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

14. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease.

15. Under the forms of irrigation lease in use, no specific supply of water is promised: but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

16. The Divisional Canal Officer is empowered to give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates.

17. The rates due for water supplied shall be collected by the Circle Officer or other officer in charge of the Revenue Division, Midnapore, through his staff of Tahsildars and peons. All *khatians* or demand statements shall be signed by the Circle Officer or other officer in charge of the Revenue Division after scrutiny in his office.

18. At the time of preparation of the *khatian* in the Circle Officer's office each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

19. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

20. For the purposes of account, of control over establishment, and of general administration, the Circle Officer or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demands Recovery Act the Circle Officer is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water.

21. Should it be necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged subject to the provision in the schedule of rates attached to these rules.

22. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or *khatian* shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Act shall count from the date on which the statement of the charge may be furnished to the person assessed, which date shall be endorsed on it.

23. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or subordinate employed on the Canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorized use of water.

Complaints and Applications.

24. All complaints or applications with respect to the supply of water, to defective drainage, and generally with respect to the administration of the canal, shall be received on presentation at either divisional or subdivisional canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

Any such complaints or applications, if presented to the Circle Officer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

25. Complaints or applications with respect to corrections of the assessment with respect to the actions of the amins in assessing and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Circle Officer or other officer in charge of the Revenue Division.

26. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

27. The Officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

28. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be reckoned from the date on which the copy of the order is received by the person.

29. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

30. The Divisional Canal Officer is empowered to revise the proceedings of his Subdivisional Canal Officers, and the Superintending Engineer is empowered to call for and to revise the proceedings of all officers under his control.

Remissions and Alterations of Demand.

31. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than 15 days before the reaping of the crop.

32. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer is empowered to remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not, in that season, derived any benefit from the supply of canal water.

33. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least 15 days before the reaping of the crop.

34. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

35. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Circle Officer or other officer in charge of the Revenue Division, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

36. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause will only be allowed under the special orders of the Local Government.

Irrecoverable Demands.

37. The Superintending Engineer is empowered to sanction the write-off of those demands which are reported, after due enquiry by the Circle Officer or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

Cultivators' Representatives.

38. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with the concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

39. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

(*i*) In the preparation of applications for leases.

(*ii*) In the measurement of irrigated lands.

(*iii*) In recording the names of the occupiers of the holdings.

(*iv*) In receiving demand statements and distributing to the cultivators the individual notices of assessment.

(*v*) In attending, when required, at enquiries into complaints.

(*vi*) In reporting to the Circle Officer any changes in the occupancy of lands under lease.

(*vii*) In assisting the tahsildar in collecting rates.

40. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 per cent. of the area assessed. The Circle Officer or other officer in charge of the Revenue Division may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 39 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

41. The Circle Officer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

42. Applicants for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 39 and shall receive remuneration on the same scale as in rule 40.

Power to decline or cancel leases.

43. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 16th of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

44. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous.

45. Tanks may be supplied with canal-water without charge, when water can be made available without injury to the cultivation dependent on a canal, under the following conditions:—

(*i*) That the water is to be exclusively used for domestic purposes, or for watering cattle.

(*ii*) That a channel exists through which water can pass without waste.

(*iii*) That the water shall only be supplied on the written order of the Subdivisional Canal Officer.

(*iv*) That any new outlet or sluice which may be required to allow of the supply being given shall be provided at the cost of the persons who ask for the water.

(*v*) That the supply of water may be stopped at any time if it is found that it is being misused.

46. Except when a public right-of-way exists, no person shall, without the permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself, or cause any animal or vehicle to pass on or across any of the works, banks or channels of a canal, or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

47. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Irrigation Act, as a place for relieving the calls of nature, is prohibited. Any person who after due warning commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

48. Should water be required for purposes other than irrigation, it may be supplied, when available, at a rate of one rupee per 10,000 cubic feet of water.

49. No officer employed on the canals, unless especially exempted by the Governor in Council from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly, or in shares with others.

In clause (*j*) of sub-section (2) of section 101 the words "schools and" shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

It is universally admitted that there is urgent necessity for a great improvement in the condition of primary education in Bengal. The present system makes but little impression on the illiteracy of the province. The meagre resources that are now available are inadequately organised; small schools springing up here and there have a fitful existence for a few years; children attend irregularly and usually leave school before any real progress towards literacy has been made. The teachers are so poorly paid that the profession fails to attract persons with the requisite qualifications.

2. To remedy this state of affairs some attempts have already been made. A Primary Education Act, of which the author was Mr. Surendra Nath Ray of Behala, was passed in 1919, but it has had little practical effect, because the provision of funds was left to the option of local bodies. Similarly, the scheme prepared by Mr. Biss under which Government undertakes to pay half the cost—both capital and recurring—of primary education in any town or union has made little headway, because local bodies have proved reluctant to find even half the necessary funds. In the light of this experience it is [illegible] something much more drastic must be tried. Taxation cannot be left [illegible] individual local authorities; it must be compulsory, if progress in [illegible] work is to be accelerated.

3. The present Bill is [illegible] the first instance on the Madras Elementary Education Act, 1920 (Madras [illegible] of 1920), but differs from that statute in many important features. Its operatio[illegible] confined to the rural districts of Bengal because systems of taxation and control in rural areas must differ from those in urban areas administered by Municipalities. It is proposed to deal separately with the Primary Education problem in urban areas.

A Rural Primary Education Bill was introduced in the last Legislative Council and was examined in Select Committee. The Select Committee presented a report and proposed a number of amendments to the Bill as introduced. The present Bill follows substantially the recommendations of that Committee.

4. The main objects of the Bill are—

(1) to provide an authority for each district to control primary education,

(2) to raise the funds necessary for the gradual establishment of universal primary education, and

(3) to provide for compulsory attendance at school.

5. The proposal of the Select Committee that there should be a Central Primary Education Committee to advise Government has been accepted. The Bill provides for such a Committee and requires the Local Government to consult this Committee before taking action under certain clauses in the Bill.

6. Chapter III creates in each district a controlling body, viz., the District School Board. The constitution of the Board follows closely the lines recommended by the Select Committee. The District Magistrate will be a member of the Board for the first eight years in order to ensure that the administrative experience of this officer and his subordinates will be available to the Board during the difficult period of the initiation of the scheme.

7. In order to secure for the expansion of primary education the largest possible funds the recommendation of the Select Committee has been accepted that the whole of the expenditure required on account of [illegible]ining of teachers shall be met from provincial revenues and not from the resources [illegible]ovided by the new taxation or from the normal grants which are now being made for primary education and which will be continued when the Act comes into force. It is intended also that the whole of the cost of the inspecting staff shall be met from provincial revenues and not from the District Primary Education Funds.

8. Power has been taken to bring the Act into force by gradual stages in the different districts. This is rendered necessary by the fact that certain preliminary work must be done. The first duties of District School Boards will be to survey the existing state of affairs and to determine where schools are to be sited, constructed or enlarged so that the children of each district can be provided in the most economical and efficient manner with adequate educational facilities. Training schools for teachers must be expanded so as to provide an increased supply of trained teachers. It may not be necessary to impose the cess immediately upon the introduction of the Act, because time will be required to prepare schemes and train teachers even before the work of enlarging existing schools and constructing others is undertaken.

9. The greatest difficulty in connection with the advance of primary education in this province has been the want of money. The Bill proposes to provide this by the levy of a Primary Education Cess similar to the Roads and Public Works Cesses. The yield of the cess is estimated at about one crore of rupees per annum the whole of which will be earmarked for primary education. The Bill proposes a cess of five pice in the rupee, of which the cultivator will pay four pice and the landlord one pice. As this cess does not touch those whose income is derived from trade, business or profession, a special section empowers each District Magistrate to assess a tax upon persons whose incomes are derived from sources other than the cultivation of land.

10. Chapter VI makes provision for an annual audit of the accounts of the District School Boards, and gives the auditor powers of disallowance and surcharge. The provisions of this Chapter are based upon the English Public Health Act of 1875, and embody the recommendations made by the Select Committee.

Compulsory education is dealt with in Chapter IX which provides for the compulsory attendance at a primary school of the children except those that are exempted for well-defined reasons. In response to a widely expressed public demand, provision has been made in Chapter X for the possibility of religious instruction during school hours.

The other features of the Bill are ex[illegible]otes on Clauses.

Clause 26 provides for the appointment of the necessary staff and its control by the District School Board.

Clause 27.—This clause is based on section 14 of the Bengal Agricultural and Sanitary Improvement Act, 1920, and extends to the District School Board facilities for the compulsory acquisition of land.

Clause 28.—This clause is intended to vest in the District School Boards all property connected with primary schools now in the hands of District Boards.

Clause 29.—This follows the Bengal Cess Act very closely and the rate of cess prescribed will yield, roughly, one crore of rupees a year.

Clause 30.—This clause is intended to simplify the procedure of the realization of the primary education cess which will be paid automatically along with the road and public works cesses.

Sub-clause (2).—As in the case of the existing cesses the zamindars will pay the entire amount of the cess less the [illegible] one pice for every rupee of the revenue.

Sub-clauses (3) and *(4)* provide for payment by the intermediate tenure-holders and the cultivating raiyat.

The cess has been distributed between various classes on two principles: (i) on the benefit received and (ii) on the ability to pay. Admittedly, practically the whole benefit will be received by the cultivators of Bengal, while, generally speaking, the cess will press less heavily on them than on the tenure-holders or zamindars. The amount of deduction to which the zamindars and tenure-holders are entitled is based on the portion of the total cess paid by them.

Clause 31 prescribes the procedure for the first imposition of the cess.

Clause 32.—This is a general clause bringing the administration of the new cess within the provisions of the existing Cess Act, 1880.

Clause 33.—The provisions of this clause, read with those of clause 38, ensure that the money collected will not be diverted to any purpose other than that of primary education.

Clause 34.—As the Cess Act, 1880, only affects the owners or occupiers of real property, it was necessary to bring in some provision to ensure that those whose incomes were derived from trade, business or profession, should not be exempted. For this purpose a summary procedure is proposed, based on the Chaukidari and Union Board assessment. No appeal is allowed from the assessment of the district magistrate but the amount of tax is limited under this clause to Rs. 100 per annum. The amount of tax so assessed shall be communicated to the Union Board or Panchayat for realization just as a precept is sent to the parish council in England by one of the superior authorities.

Sub-clause (4) empowers the Union Boards or Panchayats to recover arrears as in the case of the existing rates. *Sub-clause (5)* should stimulate collections as it allows 10 per cent. of the amount realized to be retained by the local bodies, while *sub-clause (6)* provides that the money will be safely lodged with the Primary Education Fund of the district.

Clause 36 enumerates the various sources of income which may be credited to the District Primary Education Fund including the various Government grants, the proceeds of the primary education cess, and the tax imposed under clause 34 and all other sums that may be credited to this Fund under the provisions of this Bill.

Clause 37 states the objects on which the Fund may be spent. By putting in the forefront the payment of interest upon loans raised for the purposes of the Act, the Board should be able to raise loans when necessary at a very low rate of interest.

The next two payments are connected with the collection of the cess.

Clause fourthly provides for the payment of cost of audit by the Board.

Clause fifthly provides for the Board's establishment and the provident fund contributions for all the employees whether clerks or teachers.

Clause sixthly allows for the payment of travelling allowances to the members of the Board and its establishment which will be essential if the local representatives are to take a real part in the working of the Board.

All the above items are for comparatively small sums of money, while the main expenditure will be incurred under clause *seventhly* for the cost of construction, equipment and maintenance of primary schools.

Clause 38.—This clause provides safeguards against the misapplication of the money by ensuring that all sums are promptly credited to the Fund and that payments can be made only on a regular procedure.

Clause 39.—This clause provides for a regular budget being submitted every year so that the Government can see that no Board is misapplying its finances.

Clause 40.—This clause and the succeeding clauses up to 49 follow the provisions of the English Public Health Act of 1875 and have been inserted to ensure that the Primary Education Fund can be diverted from its real object only at considerable personal risk of the person responsible for that diversion—whether he be a Government servant or not.

This clause will enable the accounts of each Board being kept in a uniform manner and in consonance with the general finances of the province.

Clause 41 provides for an annual audit.

Clause 42.—To render the audit effective, it is essential that the accounts should be open to the inspection of the public so that any matters about which there are doubts or suspicions can be brought before the auditor.

Clause 43 contains another provision to ensure the publicity of the audit.

Clause 44.—*Sub-clause* (*1*) enables the auditor to call for any document that may be necessary, and gives him power to make his inquiries into the questions that may arise during the audit effective. In *sub-clause* (*2*) the duty of the Board to assist the auditor is specifically laid down.

Clause 45 will enable any person to bri[illegible] an objection about the accounts before the auditor.

Clause 46.—Under this c[illegible]tor shall not only decide whether any money has been properly spe[illegible]ut, if it has been wrongfully spent, he will go a step further and ascertain [illegible]blame and for what sum he is liable in connection with this action. Unde[illegible]se (*2*) the auditor is given similar powers with regard to those who have cause[illegible] to the Board by failing to credit any sums that are due to the Primary Education[illegible]und.

Clause 47.—Against the orders of the auditor one appeal will lie and that to the Commissioner of the Division. As this officer knows the circumstances of the district better than any other, he seems to be a suitable person to decide such appeal. Under *sub-clause* (*2*) a discretionary power is given to him of condoning offences. In England such power is vested in the Ministry of Health and is very widely exercised in cases where genuine mistakes have arisen and there has been no deliberate dishonesty or gross negligence. Especially on the introduction of the Act when people are still strange to the new procedure and rules for expenditure, it is necessary that the Commissioner of the Division should have wide powers of making allowances for inexperience, etc.

Clause 48.—Under this clause the procedure has been given for the payment of sums certified by the auditor to be due to the District Primary Education Fund, while *sub-clause* (*2*) provides for a speedy remedy against all persons who make default of payment.

Clause 49 makes certain that no delay will occur in bringing the results of the audit to the notice of both the Government and the District School Board.

Clause 50 gives power to the District School Board to delegate its powers to Union Boards, Union Committees and Panchayats as their agents for carrying on the work in connection with Primary Education within the area under their control. As the Union Boards, Union Committees and Panchayats vary very greatly in quality, it is clear that such discretion must be left with the central authority in each district. By this means also the funds are concentrated and accounts simplified. Such delegation will doubtless be used as far as possible but it is essential, especially at the start of this scheme, to keep control over procedure within the district as simple and concentrated as possible.

Clause 51.—The in[illegible]poration of an Union Committee and a Panchayat is necessary under the proposed Act for the purpose of carrying out its functions.

Clause 52 will enable Union Boards to transfer property or contract under certain prescribed conditions.

Clause 53.—This clause enables any [illegible] apply for recognition as a primary school under the Act and empowers schools to appeal to a higher authority if they are dissatisfied with the decisions of the Board.

Sub-clause (*4*) will enable the Board to recognise at once without waiting for applications all the satisfactory existing primary schools.

Clause 54 makes provision for primary schools, under private arrangement, to obtain grants-in-aid which will enable them to develop their work on their own individual lines.

Clause 55.—Before declaring primary education compulsory within an area, Government must be satisfied that there are schools and teachers sufficient for all the children in the area concerned and must consult the local authority in the area.

Clause 56.—Fees cannot be levied upon children who are compelled by law to attend school and this clause merely enforces that principle.

Clause 57.—Under this clause Government is given the power of exempting persons or classes of persons from the compulsion of sending their children to school. Presumably girls might be exempted at first, while boys would have to attend.

Clause 58.—This lays the duty on the guardian of sending his child to school.

Clause 59 enumerates the cases in which a guardian may be reasonably exempted from taking action under clause 58.

Of these exemptions especial notice should be taken of *sub-clause* (*6*). As the children are very largely employed during the special periods of agricultural operations and as such periods vary not only from district to district but within the district, it is necessary to empower the Board to grant exemptions so that all, if necessary, may help their families at this important time.

Clause 60.—This clause puts the responsibility of enforcing attendance on the Union Boards, Union Committees or Panchayats concerned.

Clause 61 prescribes the procedure by which the Attendance Committee can bring cases of default on the part of guardians to the notice of the magistrate. Under *sub-clause* (*2*) of this clause the magistrate can direct the attendance of a child at school if he is satisfied that the complaint is well founded.

Clause 62.—This clause takes us a step further when if the action taken both by the Attendance Committee and by the magistrate has failed to force the guardian to present his child at the school, the [illegible]e can convict the guardian and sentence him.

Clause 63.—In this form and safegua[illegible]e proviso, it is hoped to provide religious instructions in schools for young[illegible] without emphasising religious differences.

Clause 64 contains the usual provision a[illegible]demnity.

Clause 65 is the usual clause collecting in one place the various provisions relating to the rule-making powers.

Clause 66 and the Schedule contain the consequential amendments necessary in other enactments.

In addition to the details required on the reverse clear information should be given below under the following heads :—

(*a*) The existing Water Works Loan of Rs. 2,00,000 will be paid off in full by March 1930, thereby relieving the fund by Rs. 14,622 annually. This annual savings will be more than enough to pay the annual instalment of the loan now proposed to be taken.

In addition to the details required on the reverse, clear informations are given below under the following heads:—

(*a*) If the ordinary surplus is insufficient to meet the charges of the proposed loan, the particular steps which the district board has taken or has agreed to take to make good the deficiency.	(*a*) It has been stated in paragraph (*d*) that the interest together with the capital would be met out of the sum annually set apart for the improvement of the rural water supply in the district. Virtually there is no deficit if the closing balance of the previous year is taken into account.
(*b*) Possible means of income in the revenue of the district board.	(*b*) The cess re-valuation operation is nearly over. And a substantial increase to the income is expected during the current year.
(*c*) A statement of all outstanding loans as well as the annual charges involved on their account.	(*c*) (1) Loan of Rs. 40,000 taken on 20th March 1923, out of which 12 instalments of Rs. 1,873-2 each were paid up to date out of 40 instalments. (2) Loan of Rs. 30,000 taken on 14th February 1925 out of which 8 instalments of Rs. 1,404-13 each were paid up to date out of 40 instalments. (3) Loan of Rs. 30,000 taken on 11th March 1926, out of which 6 instalments of Rs. 1,404-13 each were paid up to date out of 40 instalments. (4) Loan of Rs. 30,000 taken on 1st February 1928, out of which only 2 instalments of Rs. 1,297-14 each were paid up to date.
(*d*) Any explanation in regard to receipts and expenditure to show the financial position of the board when such is otherwise than the ordinary surplus would indicate.	(*d*) Rupees 12,037 has been provided in the current year's budget out of the sum of Rs. 24,000 available annually for the improvement of water supply under 45-Civil Works and the balance of Rs. 11,962 (repayment of loan Rs. 4,189 and interest Rs. 7,773) has been provided. If the loan is granted there would be no difficulty in meeting the charges of the above sum. The minus figure shown in column 20 of the application is due to the payment of the cost of the temporary establishment of the cess re-valuation operation, and also due to less collection of cesses on account of famine prevailing in this district.

No. 141.—The 7th June 1929.—The following draft of rules, which, in exercise of the powers conferred by section 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of the previous notification on the subject, No. 5, dated the 12th April 1915, the Governor in Council intends to make for the lines of navigation known as the Eastern Canals and the Outer Boat Route, as defined in notification No. 230, dated the 23rd July 1895, and for the navigable channels extending from Khulna in the district of Khulna to Magura in the district of Jessore, as defined in notification No. 7, dated the 1st September 1914, is hereby published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

The draft will be taken into consideration on or after the 15th August 1929, and any objections or suggestions which may be received by the undersigned before that date will be duly considered.

Draft rules.

1. The Superintending Engineer, Southern Circle, may define the limits within which no loading or unloading of cargo from or to vessels or mooring of vessels shall be permitted. The prohibited reaches shall be notified by the supervisor of the channels by posting notices on signboards in the locality and also by beat of drum.

2. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast to such posts by the bow and stern in a single line along the banks or in such other manner as the supervisor may direct.

3. Vessels, while moored, should be kept as close to the banks as possible. As the water falls, the bow and stern ropes should be slackened and the vessels gradually pushed towards the centre of the channel. During flood tide vessels must be brought as close to the bank as possible.

4. While mooring at the tow-path side all vessels must lower sail and mast and must not erect any high pole, so that the towage of other vessels may not be obstructed.

5. In order to avoid collision or confusion, vessels waiting at the junction of two or more rivers for a favourable tide must be moored at a distance of not less than 1,000 feet from the point of junction.

6. No vessel or raft shall be m[illegible]d in such [illegible]ition or navigated in such a way as to endanger the safety or obstr[illegible] passage of other vessels but must be so moored or navigated as pre[illegible]bed by these rules or as directed by the supervisor of the channel or his assistants.

7. The supervisor may, by posting notices, prohibit the dropping of anchors or the erection of bamboos or poles in any part of the line of navigation.

8. No jetties, either permanent or temporary, for the purpose of loading or unloading cargo shall be constructed without the previous permission of the supervisor.

9. The supervisor, or an assistant authorised by him, may remove any vessel, anchor, pole, or any other thing which he may find in a position which is in contravention of rules 1 to 8 and may deal with them in such a manner as he thinks necessary.

10. Whenever a laden vessel is seized by the supervisor or by his assistants he shall give immediate notice of the same to the owner or his agent and require the removal of the cargo without delay, and shall warn him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

11. Vessels plying in the narrow channels mentioned below shall not use sail:—

(a) Guntia Khali khal (in the reach, mile 68 to mile 72).
(b) Cut No. 2 (in the reach, mile 78 to mile 82).
(c) Baitaghata khal (in the reach, mile 102 to mile 107).
(d) Alaipur khal (in the reach, mile 121 to mile 130).
(e) Bemorta khal (in the reach, mile 136 to mile 143).
(f) Damodar khal (in the reach, mile 152 to mile 156).
(g) Banstoli khal (Outer Boat Route).

12. Where there is a tow-path on one bank only, vessels plying with the current shall keep to the opposite bank, and allow towage to those proceeding against the current.

13. No person is permitted to place any obstruction on the channel banks, roads, drains, canal side bridges, etc., which will impede a free passage along them, or cause injury to them, or to commit any nuisance, or to deposit any obnoxious material thereon or in the channel.

14. No person shall deposit goods of any description on the slopes of the channel between the water line and the high bank, without the previous permission of the supervisor except during the actual process of loading or unloading vessels.

15. All timber must be drawn up on to the bank well above the water.

16. No person shall wilfully or negligently allow a vessel to sink in any part of the line of navigation.

17. All vessels, whether travelling or moored in the channel, between sunset and sunrise, must carry a white light in a lantern on the fore-part of the vessel, where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed in the first part of this rule. This rule does not apply to small uncovered dinghis, not exceeding 15 feet in length, while moored along the bank.

18. The supervisor may, by posting notices on sign-boards, specify a speed-limit for vessels in any reach.

19. *Wrecks.*—In the case of a wreck the supervisor or his subordinates shall offer every assistance in removing the same.

20. It shall be the duty of the supervisor to mark the wreck and to erect warning signals to avoid danger to navigation.

21. If, after seven days of the occurrence of a wreck, prompt measures are not taken by the owner to remove it from the line of navigation, the supervisor, after giving notice to the owner, may arrange for the removal of the same at the expense of the owner. Further, if a wreck obstructs the fairway, the supervisor may take action at once to remove the same and may incur whatever expense is necessary.

22. In the event of the salvage of a wreck being undertaken by the owner of the vessel, or by his agent, and of the obstruction not being removed within seven days, a fine not exceeding Rs. 5 per day for the period commencing from the 8th day of the wreck, or any other day specified by the supervisor, till the wreck is salved, shall be paid by the owner to the supervisor. If the fine be not paid by the owner or his agent, the vessel or any portion of the cargo may be seized by the supervisor and disposed of by sale as directed in section 9 of the Canals Act 5 of 1864.

23. When the supervisor or his assistants remove a wreck, they shall not be liable for any damage to the vessel or cargo, or for any loss before, or in the process of salvage done by them.

24. As soon as a wrecked vessel is salved by the supervisor or his staff, a notice shall be issued by him calling on those concerned to pay to the supervisor all the charges incurred by him on account of the salvage of the vessel or of removing or guarding the cargo under the following heads:—

(i) Actual cost of salving the vessel.
(ii) Cost of serving the notice.
(iii) Cost of removal, maintenance, custody and protection.
(iv) Godown charges.

In case of any dispute regarding such charges, the Executive Engineer concerned, on receipt of a written application from the owner of the vessel, shall decide the amount to be paid and his decision shall be final.

25. The vessel, or its cargo, shall not be handed over to the owner until the charges levied under rule 24 have been paid.

26. If, within fifteen days from the publication of a notice under rule 24, or in the event of an application to the Executive Engineer appealing against the notice within fifteen days of the date of the Executive Engineer's decision, the sum demanded be not paid, the vessel, its furniture and any portion of the cargo recovered, shall be sold by the supervisor, by public auction, and the proceeds dealt with in accordance with section 9 of the Canals Act 5 of 1864.

27. All notices under rules 21, 22 and 24 shall be issued in writing by the supervisor, and despatched in a registered cover to the owner of the vessel. If the owner be not known or cannot be traced, a general notice shall be posted on the notice board of the Executive Engineer's office. Also it shall be announced by beat of drum at the hat nearest to the place of salvage, and also by advertisement in at least one English and one vernacular Calcutta or local newspaper.

28. No officer of any description or rank employed on the canals shall, either directly or indirectly, bid for or purchase any article sold under these rules or under the provisions of the Act.

29. For any infringement of rules 1 to 8 and 11 to 18, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 and to an additional fine not exceeding Rs. 5 for each day that the infringement is continued.

Orders and Notifications by the Government of India republished for general information.

FINANCE DEPARTMENT.

NOTIFICATION.

Simla, the 10th July 1929.

No. F. 5-R.I./29.—The following correspondence with the Secretary of State for India in Council is published for general information:—

DESPATCH FROM THE GOVERNMENT OF INDIA, FINANCE DEPARTMENT TO HIS MAJESTY'S SECRETARY OF STATE FOR INDIA, NO. 2, DATED THE 7TH MARCH 1929.

We have the honour to address your Lordship on the subject of amplifying the rules concerning fees and honoraria in the Fundamental Rules.

2. Our proposals are the outcome of lengthy discussions with the Auditor General, who has repeatedly brought to our notice the fact that the existing rules are defective in form and content, difficult to apply in audit and illcalculated to secure administrative efficiency. After mature consideration we find ourselves in substantial agreement with him for the following reasons:—

(1) The definition of "honorarium" appearing in Fundamental Rule 9 (9) is too narrow in that it excludes the posibility of recurring payments for a series of services, each of which may properly be rewarded by an honorarium. In such cases the audit authorities have frequently held that these recurring honoraria are indistinguishable from special pay.

(2) The Government of India consider it advantageous to be able to remunerate once for all special work of an occasional character without incurring contingent liabilities for increased leave salary and pension. Sometimes special work of this type recurs periodically, and the purpose of Government will not be served if the payments have to be treated as special pay.

(3) The Government of India have found it inconvenient in practice to have no separate technical terms for payments of this nature to distinguish those derived from Government and those derived from outside sources. The word "fee" used in Fundamental Rule 46 is nowhere defined, and although all payments from outside sources are not by general usage termed "fees," it appears convenient to reserve this term for payments from sources other than general revenues.

(4) The Government of India have observed some inconsistency among sanctioning authorities in the readiness with which they permit a Government servant subordinate to them to accept fees from outside sources. Certain authorities are prone to allow their subordinates to undertake commitments of the sort so arduous that they cannot but have an injurious effect on their efficiency as Government servants. Other authorities are too ready to concede claims in respect of trivial services rendered to local bodies and the like. We, therefore, think it desirable to introduce in the amplified Fundamental Rule 46, which we now submit for your Lordship's consideration, the two essential conditions which, we think, should obtain in all cases where a Government servant is permitted to receive a fee from outside sources.

(5) The Government of India have at times been embarrassed by claim from their servants after the event for some praiseworthy but unessential service, for example the writing of a text-book, which that servant has undertaken without their knowledge and approval. They deem it expedient, therefore, to insert in the rule a provision that except for special reasons an honorarium should not be granted unless the work has been undertaken with the prior consent of the sanctioning authority and its amount has been settled in advance.

3. We enclose draft amendments to Fundamental Rules 9 and 46 which will, in our opinion, conduce both to administrative efficiency and to precision in audit, and at the same time make it clear to Government servants in general the types of service for which honoraria or fees may properly be sanctioned. We hope that these proposals will meet with your Lordship's approval.

4. We take advantage of this opportunity to suggest the adding of a clause to Fundamental Rule 48 to provide for the grant, without specific approval in each individual case, of rewards to officers for services in connection with the administration of the customs and excise laws. Such rewards do not at present fall within the scope of Fundamental Rule 48 (*b*), and the sanctioning authorities have to see that proper sanction is granted by the competent authority under Fundamental Rule 47, and the rules framed thereunder, for the acceptance of the rewards. The effect of this is that in each case the head of the department has to sanction the acceptance of a reward, and that if the amount of the reward exceeds Rs. 500, the Government of India have to sanction the reward. This procedure causes inconvenience. We, therefore, propose that as in the draft amendment enclosed a clause (*d*) be added to Fundamental Rule 48, to enable any Government servant to receive a reward of this sort without the special permission of his official superior.

5. If your Lordship approves of our proposals, we desire in publishing the amendments to publish simultaneously this despatch and your Lordship's reply. This will minimise the risk of future misinterpretation of the rules on the subject.

Enclosure to Despatch No. 2 of 1929.

DRAFT AMENDMENTS TO THE FUNDAMENTAL RULES.

Insert the following as Rule 9 (6*a*):—

9 (6*a*). *Fee* means a recurring or non-recurring payment to a Government servant from a source other than general revenues whether made directly to the Government servant or indirectly through the intermediary of Government.

Rule 9 (9).

Substitute the following for this Rule:—

9 (9). *Honorarium* means a recurring or non-recurring payment granted to a Government servant from general revenues as remuneration for special work of an occasional character in circumstances which make it appropriate that the additional remuneration should end with the payment of the honorarium itself and should not, by being classified as special pay, count for increased leave salary or increased pension.

Rule 46.

Substitute the following for this Rule:—

46. *Fees and Honoraria.*—(*a*) *Fees.*—A Government servant may be permitted by the general or special order of a competent authority, if it be satisfied that this can be done without detriment to his official duties or responsibilities, to perform a specified service or series of services for a private person or body or for a public body, including a body administering a local fund or for an Indian State, and to receive as remuneration therefor, if the service be material, a non-recurring or recurring fee.

(*b*) *Honoraria.*—A Government servant may be granted an honorarium from general revenues as remuneration for work performed, which is occasional in character and either so laborious or of such special merit as to justify a special reward. Except when special reasons, which should be recorded in writing, exist for a departure from this provision, an honorarium should not be granted unless the work has been undertaken with the prior consent of the sanctioning authority and its amount has been settled in advance.

Fees and Honoraria.

(*c*) In the case of both fees and honoraria the sanctioning authority shall record in writing that due regard has been paid to the general principle enunciated in Fundamental Rule 11, and shall record also the reasons which in his opinion justify the grant of the extra remuneration.

Rule 48.

Substitute the following for this Rule:—

48. Any Government servant is eligible to receive without special permission:—

(*a*) the premium awarded for an essay or plan in public competition;

(*b*) any reward offered for the arrest of a criminal, or for information or special service in connection with the administration of justice;

(*c*) any remuneration or reward payable under any special or local law, or in accordance with the provisions of any Act or regulation or rules framed thereunder; and

(*d*) any reward sanctioned for services in connection with the administration of the customs and excise laws.

DESPATCH FROM THE SECRETARY OF STATE FOR INDIA IN COUNCIL, TO HIS EXCELLENCY THE RIGHT HONOURABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL, No. 7-FINANCIAL, DATED THE 25TH APRIL 1929.

[Fundamental Rules. Amplification of Rules concerning fees and honoraria. (F. 1905/29.)]

Having considered in Council the Despatch from Your Excellency's Government in the Finance Department, No. 2, dated 7th March 1929, suggesting an amplification of the rules concerning the acceptance of fees and honoraria in the Fundamental Rules, I concur in the amendments proposed, subject to the points of detail mentioned in the following paragraph.

2. Having regard to the proposed definition of the word "fee" the words "or fee" should be omitted from Rule 47.

The latter part of the proposed Rule 9 (9) does not appear to serve any useful purpose and has accordingly been omitted.

The existing Rule 46, from its phrasing, could scarcely be held to cover the acceptance by medical officers in civil employ of fees for professional attendance, but clause (a) of the draft Rule 46 proposed by Your Excellency's Government is susceptible of this interpretation. I regard it as important that it should be clearly realised that this matter is regulated by the orders of the Secretary of State in Council, and the insertion after clause (a) of a note to this effect seems to me desirable. Further, in order to make it clear that there is no intention to interfere with the existing position, under which the conditions of acceptance of honoraria or fees by medical officers in civil employ for services other than professional attendance is regulated by rules made by the Governor-General in Council, I think it advisable to prefix to both clause (a) and clause (b) of the proposed Rule 46 of words "Subject to rules made by the Governor General in Council under Rule 46A."

3. I enclose a copy of a Resolution passed by me in Council amending the Fundamental Rules as proposed by Your Excellency's Government, with the modifications indicated above.

4. I have no objection to the publication, simultaneously with these amendments, of this Despatch and of the Despatch from Your Excellency's Government to which it replies.

ENCLOSURE.

RES[illegible]ON.

In exercise of th[illegible]ers conferred by sub-section (2) of secti[illegible]B of the Government of India Act, th[illegible]retary of State, with the concurrence o[illegible]e majority of votes at a meeting of the Council of India held this 23rd day of April 1929, hereby makes the following amendments to the Fundamental Rules, namely:—

"(6A). *Fee* means a recurring or non-recurring payment to a Government servant from a source other than general revenues whether made directly to the Government servant or indirectly through the intermediary of Government,"

and for clause (9) of the said Rule the following shall be substituted, namely:—

"*Honorarium* means a recurring or non-recurring payment granted to a Government servant from general revenues as remuneration for special work of an occasional character."

(2) For Rule 46 of the said Rules the following shall be substituted, namely:—

"46. *Fees and Honoraria.*—(a) *Fees.*—Subject to rules made by the Governor-General in Council under Rule 46A, a Government servant may be permitted by the general or special order of a competent authority, if it be satisfied that this can be done without detriment to his official duties or responsibilities, to perform a specified service or series of services for a private person or body or for a public body including a body administering a local fund or for an Indian State, and to receive as remuneration therefor, if the service be material, a non-recurring or recurring fee.

"*Note.*—This clause does not apply to the acceptance of fees by medical officers in civil employ for professional attendance, which is regulated by the orders of the Secretary of State in Council.

"(b) *Honoraria.*—Subject to rules made by the Governor-General in Council under Rule 46A, a Government servant may be granted an honorarium from general revenues as remuneration for work performed which is occasional in character and either so laborious or of such special merit as to justify a special reward. Except when special reasons, which should be recorded in writing, exist for a departure from this provision, an honorarium should not be granted unless the work has been undertaken with the prior consent of the sanctioning authority and its amount has been settled in advance.

"(c) *Fees and Honoraria.*—In the case of both fees and honoraria the sanctioning authority shall record in writing that due regard has been paid to the general principle enunciated in Fundamental Rule 11, and shall record also the reasons which in his opinion justify the grant of the extra remuneration."

DEPARTMENT OF AGRICULTURE, BENGAL.

Forecast of the Summer Til Crop of Bengal, 1929-30.

(NOTE.—On an average of the five years ending 1926-27, the area under *til* in Bengal has represented some 2·7 per cent. of the total area under *til in British India.*)

Character of the Season.—The rainfall in February was defective, while in March it was moderate. The preparatory tillage and sowings, though generally commenced in the normal time, were a little late in some important districts. Good showers in April favoured the germination, but subsequently insufficient rainfall stunted the growth and reduced the outturn in many districts. On the whole the season, though a little better than last year, was unfavourable for the crop.

Acreage.—The area shown this year is reported to be 109,000 acres as against 102,300 acres last year.

Outturn.—From the estimates furnished by District Officers, the average outturn of the crop for the province works out to 69 per cent. of the normal this year as against 60 per cent. last year.

Taking the normal yield of 6 maunds per acre, the gross outturn of the crop for the province is estimated at about 16,600 tons this year as against 13,500 tons last year.

Director of Agriculture, Bengal (offg.).

Chapter IX.—Preparation of Paper Books.

Part I—General.

1. The printing of Paper-books shall be in accordance with the following directions:—

(*a*) the Paper-books shall be printed in the form known as demy quarto, *i.e.*, 54 ems (or 9 inches) in length and 42 ems (or 7 inches) in width;

(*b*) the size of the paper used shall be such that the sheet, when folded and trimmed, will be 11 inches long and 8½ inches wide;

(*c*) the type to be used in the text shall be pica type, but long primer shall be used in printing accounts, tabular matter and notes;

(*d*) the number of lines in each page of pica type shall be 47 or thereabouts, and every tenth line shall be numbered in the margin, *i.e.*, the tenth line will be numbered 10, and the second 10th line 20, and so on;

(*e*) the stationery required for the Paper-book shall be provided by the office only for the preparation of the Paper-books in Second Appeals.

2. "Editing" the Paper-book shall include—

(*i*) collecting and arranging the papers required for inclusion in the Paper-book,

(*ii*) examining and comparing proofs, or, when several copies of a typed Paper-book are prepared, examining and comparing such copies (other than the first copy) with the originals or authenticated copies of English papers or translations where the rules provide for translations;

(*iii*) the preparation of title pages and indexes; and

(*iv*) the general supervision necessary to ensure the accuracy of the record and compliance with the provisions of the Appellate Side Rules with regard to the preparation of Paper-books.

Note—The repetition of unnecessary titles in documents should be avoided and formal portions of documents omitted.

3. Every Paper-book shall have attached to it a fly-leaf in the prescribed form, and giving the particulars required by Rule 41.

4. In urgent cases, upon good cause being shown, the Registrar may allow any party to put in such number of typed copies of the Paper-book as he may consider necessary.

Exception.—In an appeal which is to be heard under Order XLI, Rule 11, Civil Procedure Code, no Paper-book shall be prepared unless and until an order for the service of notice on the respondent has been made.

5. There shall be inserted at the end of one copy of the Paper-book prepared in every case, and in the following form, a statement in which shall be specified each item of the costs incurred in its preparation by the appellant and the respondent, respectively:—

	By the Appellant.			By the Respondent.		
	Number of pages.	Rate of charge.	Amount.	Number of pages.	Rate of charge.	Amount.
			Rs.			Rs.
Estimating .. Translating, etc. (as in Rule 46 or Rule 50 as the case may be).						

6. In the case of Appeals, other than Appeals from Appellate Decrees, any surplus remaining after deducting the costs actually incurred by each party from the amount deposited with the Accountant of the Court may be refunded upon request to the party by whom the deposit was made, or to the Advocate entitled to act for such party.

7. The costs incurred in the preparation of the Paper-book shall be costs in the appeal, unless as to the whole or any portion thereof the Court which hears the appeal shall otherwise direct.

8. The Registrar may, upon application and upon sufficient cause being shown, enlarge the time prescribed by these rules for doing any act to be done under their provisions. An application for enlargement of time must ordinarily be made before the expiry of the prescribed time and be supported by an affidavit of facts. The Registrar may also, upon application and upon sufficient grounds proved by affidavit, exempt any appellant or respondent from the operation of the whole or any part of these rules, or may make such special order as he deems fit as to any matter with which these rules are concerned. In case any affidavit to be used under this rule is sent from the maffasal and is in the vernacular, it shall be accompanied by an English translation, certified to be correct by an Advocate or a Translator of this Court.

9. When these rules direct or allow any act to be done by, or any notice to be given to, an appellant or respondent, such act may be done by, or such notice given to, the Advocate, or (where authorised in that behalf by the rules of the High Court) the Mukhtear of such appellant or respondent.

Part II—Appeals from Original Decrees.

A—GENERAL.

10. On receipt of the record from the Lower Court it shall be the duty of the Registrar to see that the Paper-book in an Appeal from an Original Decree for the use of the High Court at its hearing is prepared in accordance with the directions given in the following rules.

Provided that the Registrar or the Division Court having jurisdiction over any particular Group may, for sufficient cause shown, pass any special order regarding the preparation of the Paper-book of any particular appeal belonging to that Group.

11. Part I of the Paper-book shall contain the following papers:—

(a) order-sheet;
*(b) the plaint;
(c) schedules, if any.
*(d) written statements of parties;
*(e) examination of parties or their agents, etc.;
*(f) injunctions;
*(g) orders of attachment, etc., (if any), obtained before judgment,
*(h) issues framed (if any);
(i) depositions of witnesses for plaintiff;
(j) depositions of witnesses for defendant;
(k) report of Commissioner (if any) with maps, depositions, etc., annexed;
*(l) the judgment and the decree or order from which the appeal is preferred, exclusive of schedules;
*(m) memorandum of appeal;
(n) any other paper, other than an exhibit, on which the decision of the appeal depends.

Part I shall also contain an index which shall be drawn up in accordance with the provision of Rule 47 (ii).

Part II of the Paper book shall consist of the Exhibits.

12. Upon the receipt of the record, the Deputy Registrar shall serve a notice on the appellant requiring him to prepare and deliver to such Deputy Registrar—

(a) A list of papers (other than those marked * in Rule 11 above, and the exhibits) upon which the decision of the appeal depends and which the appellant desires to have included in Part I of the Paper-book at his expense. Such list shall be called "List A."

(b) A list of the exhibits to be inserted in Part II of the Paper-book at the expense of such appellant. Such list shall be called "List B."

13. Such lists shall be in the following form:—

Number on the record.	Mark (if any) in the Court below.	Description and date of paper.	Whether the whole or portion and (in case of a portion) what portion to be inserted in the Paper-book.	Page of Paper-book (to be filled in later).

Printed forms of lists will be supplied to the parties or the Advocates entitled to act for them, free of cost, on application to the Forms Clerk.

14. There shall be entered in such lists all documents on which the decision of the appeal depends.

Provided that if it is necessary only to print a portion of any particular document for the decision of the appeal the relevant portion shall be specified.

15. The list of exhibits (List B) should retain their original numbers with the proper page number attached. The documents should be arranged, as far as suitable, in chronological order, mixing plaintiff's and defendant's documents together when necessary, but in all cases documents relating to the same series, or to the same subject (*e.g.*, a series of correspondence, or proceedings in a suit other than the one under appeal), should be kept together. A correct and full description of such documents must be given.

16. The appellant shall, within two weeks after service of the notice required by Rule 12, deliver to the Deputy Registrar both "List A" and "List B" prepared in accordance with the above rules. These lists shall be termed "The Appellant's Lists."

17. On receipt of the lists of the papers to be included in Parts I and II of the Paper-book at the expense of the appellant (List A and List B) the Deputy Registrar shall cause to be prepared estimates of the costs of the preparation of Parts I and II of the Paper-book.

18. As soon as the lists are delivered to the Deputy Registrar by the Appellant, he shall, if the respondent enters appearance on or before the date mentioned in the notice under Order XLI, Rule 14, Civil Procedure Code, give notice of such delivery to such respondent. If the respondent fail to enter appearance on or before the date mentioned in the notice under Order XLI, Rule 14, and if it shall appear that the said notice has been duly served on such respondent, he shall not without the leave of the Registrar be entitled to file a list of papers for insertion in the Paper-book under Rule 20.

19. Every respondent who has entered appearance shall be entitled to inspect the appellant's list and, at his own expense, to obtain a copy of the whole or of any portion thereof.

20. Every such respondent shall, within two weeks after service upon him of the notice required by Rule 18, deliver to the Deputy Registrar a list in duplicate, in the form in Rule 13, of the papers, other than those inserted in the appellant's lists and relevant to the subject-matter of the appeal, to which such respondent desires that reference shall be made by the Court at the hearing of the appeal, and which shall be inserted in the Paper-book at such respondent's expense. Such list shall be termed "The Respondent's List."

21. The Deputy Registrar shall, within fourteen days after the delivery by the Appellant and the Respondent of their lists respectively, make and deliver to such Appellant and to such Respondent separate estimates of the cost of preparing their portions of the Paper-book. Every estimate for the cost of the preparation of the Paper-book shall include the cost of transcribing, translating and printing, etc., the documents marked * in Rule 11 above.

22. The Appellant and Respondent respectively shall deposit with the Accountant of the Court the amounts due on the estimates served under Rule 21 within the times here specified:—

(*a*) The amount due for estimating, translating and examining translations, after (in the case of the Appellant) deducting the amount of the initial deposit made under Rule 29 (*7*), Chapter V within four weeks of the service of the estimate, and

(*b*) The whole of the remainder within eight weeks of the service of the estimate.

23. If the respondent considers that any paper or portion of a paper which ought to have been inserted in the appellant's lists under the provisions of Rule 14, has been omitted therefrom in violation of these provisions, he may, within one week after service upon him of the notice required by Rule 18 and after giving notice to the appellant of his intended application, apply to the Registrar for an order that such paper or portion of a paper be inserted in the Paper-book of the case at the cost of the appellant.

24. If one party objects to the inclusion of a document on the ground that it is unnecessary or irrelevant, and the other party nevertheless insists upon its being included, and the Registrar allows the document to be included, the lists shall clearly indicate the fact that, and the party by whom, the inclusion of the document was objected to.

25. The Registrar, as well as the parties and their legal agents, shall endeavour to exclude from the Paper-book all documents (more particularly such as are merely formal) that are not relevant to the subject-matter of the appeal, and generally, to reduce the bulk of the Paper-book as far as practicable, taking special care to avoid the duplication of documents and the unnecessary repetition of headings and other merely formal parts of documents.

Note (1)—Ordinarily, a long series of documents, such as accounts, rent-rolls, inventories, etc., should not be printed in full; but the parties or their legal agents should agree to short extracts being printed as specimens.

Note (2)—Unless the Registrar shall otherwise direct, documents produced before the Court of first instance but not admitted in evidence shall not be included in the Paper-book. An Advocate desiring to refer to any such document at the hearing of the appeal before the High Court shall, at any time before the hearing, serve on the Advocate for the Opposite party a typed copy or a typed copy of the translation as the case may be, of any such document to which he desires that reference should be made, and shall also provide 2 such typed copies or typed copies of the translations for the use of the Court. If he fails to do so he shall not refer to such document at the hearing and no adjournment of the appeal will be granted on this account unless the Court otherwise directs.

26. The appellant's and respondent's lists shall each bear a certificate under the hand of the Advocate for such appellant or respondent in the following forms:—

I, A. B., Advocate for , do hereby certify that I have carefully examined this list with reference to the provisions of Rule 25, Chapter IX of the Appellate Side Rules, and declare that in my judgment it is necessary to include in the Paper-book of the appeal every document, or portion of a document, included in the list in order to arrive at a proper decision of the appeal.

27. If the respondent do not enter an appearance, or do not deliver the list directed by, and within the time prescribed by, Rule 20, and if no order be made under Rule 23, the Paper-book shall be prepared in accordance with the appeallant's lists.

28. When two or more appellants or respondents have the same interest in the appeal, one set of lists only shall be required from all such appellants or respondents. Appellants or Respondents having separate interests shall deliver separate sets of lists. In such cases the principle of Rule 32 shall apply.

29. If any of the papers which must be inserted in the appellant's list or in the respondent's list, was previously printed in a former Paper-book, the fact of its having been so printed must be stated in the list in which such paper is inserted. Such papers shall not be printed unless the Registrar otherwise directs.

30. No paper in the record of the case, which is not inserted in the appellant's or respondent's lists, or ordered to be included in the Paper-book under Rule 23, and printed in the Paper-book of the case or in a previous Paper-book, shall be referred to at the hearing of the appeal without the special leave of the Court. But this rule shall not preclude the Court from referring to any paper to which it considers a reference necessary for the ends of justice.

31. If it subsequently appears that the amount deposited by either party to the appeal is insufficient to defray the cost of preparing his portion of the Paper-book, or a supplementary Paper-book after remand, the Deputy Registrar shall estimate the additional amount required and shall give notice thereof to such party. Such additional amount

shall be deposited by such party with the Accountant of the Court within two weeks after service upon him of such notice. No work in the matter of the preparation of the Paper-book, which is likely to cost more than the sum deposited, should ordinarily be undertaken until such additional deposit has been made, unless the Registrar shall otherwise direct.

32. When separate appeals have been preferred by different persons against the same decree, complete lists of the documents which the parties wish to include in the Paper-book shall be delivered by the parties to each appeal. Common matter shall appear in one Paper-book only, the other Paper-books containing references to the pages of the paper-book in which such common matter appears. In such cases the Deputy Registrar shall, subject to the order of the Registrar, apportion between the parties concerned the cost of preparation in respect of matter common to all or any of the parties. The estimates for the cost of the preparation of Parts I and II of the Paper-books in such cases shall not be served on the parties until such apportionment has been made. This rule shall also apply when two or more separate appeals are preferred in analogous cases.

33. If the appellant fails to deliver his lists of papers in accordance with Rule 16, or if the appellant or respondent fails to make the deposit or additional deposit, required by Rules 22 and 31, respectively, the Deputy Registrar shall lay the matter before the Registrar, who may, in case of default by the appellant, cause the appeal to be set down for hearing; and the Court may, unless satisfied that there was reasonable ground for the default, direct the appeal to be dismissed for want of prosecution, or may pass such other order as may seem proper in the circumstances of the case

34. The appellant shall, simultaneously with depositing the money referred to in Rule 22 (*a*) above, file with the Deputy Registrar a declaration stating the name of the Advocate by whom his Paper-book will be prepared, either in accordance with Rule 45 or with Rule 49.

The Deputy Registrar shall thereupon make over one of the respondent's duplicate lists to the Advocate so named, giving the respondent notice thereof.

35. (*a*) Such Advocate shall be afforded all reasonable access to the original record in order to enable him to make transcripts of the papers and do other acts necessary to the preparation of the Paper-book, but he shall not be entitled to remove such original record from the office of the Deputy Registrar. Certified transcripts of the papers shall be furnished to him, if he so desire, upon payment of the usual rates.

(*b*) Such Advocate shall himself deal with the original records made over to him, and is hereby prohibited from entrusting them to the care of any other person. For the purpose of translating and copying documents, in any case, he alone will be permitted to have access to the original record of such case.

(*c*) Such Advocate shall be permitted to utilize the services of one reader or muharrir to assist him in such work. He must, however, himself be present and continuously in possession of the record, and on his leaving the office, the record must be returned to the officer of the Court in charge, and the work of preparing the Paper-book must at once cease, the reader or muharrir leaving with his employer.

(*d*) In the case of any Paper-book in which a map has to be inserted such Advocate shall be allowed to utilize also the services of a draftsman, who will be allowed access to the record on the same terms as the reader or muharrir.

36. Any Advocate who has practised in the High Court for a period of three years, or who has practised in a Muffassal Court for not less than three years and in the High Court for not less than one year, shall be entitled to prepare a Paper-book under these rules.

Provided that a Division Court, on being satisfied, either on the report of the Registrar or otherwise, that any Advocate has been negligent, incompetent or careless in the preparation of a Paper-book, may disqualify such Advocate from preparing Paper-books for such period as to it may seem proper.

37. An advocate duly authorised to prepare a Paper-book shall be required to make a declaration in writing to the effect that he will himself do the translation work, and, in the case of an Appeal valued under Rs. 10,000, that the editing will be done either by himself or under his direct supervision.

38. Paper-books in Appeals from Original Decrees must be made ready and filed with the Deputy Registrar within the following limits of time from the date when the deposits required to be made by the appellant under Rule 22 (*a*) above are made, viz:—

(*a*) when the Paper-book is estimated by the Deputy Registrar to consist of not more than 100 pages—within six weeks;

(*b*) when the Paper-book is estimated by the Deputy Registrar to consist of more than 100, but not more than 200 pages—within two months;

(*c*) in any other case—within four months.

39. The time within which the examination of translations should be completed is as follows:—

In the case of Paper-books falling within clause (*a*) of Rule 38—two weeks.

In the case of Paper-books falling within clause (*b*) of Rule 38 three weeks.

In the case of Paper-books falling within clause (*c*) of Rule 38—one month.

On the completion of the examination of the translations, but not before, and provided that the translations have been properly done and accepted, the Advocate preparing the Paper-book shall be entitled to withdraw the amount due to him for such translations.

On the Paper-books being filed, they shall be taxed, and it will be the duty of the Taxing Officer to see that they have been prepared in conformity with these rules.

It shall be the duty of the Examiners of Translations to report through the Taxing Officer to the Registrar any case in which the translations have been carelessly, negligently or imperfectly done, and it shall be the duty of the Taxing Officer to report to the Registrar any case in which the preparation of any other portion of the Paper-book has been carelessly, negligently or imperfectly done. The Registrar, if he thinks fit, will report any such matter to the Court, who may take action under the proviso to Rule 36, and may either in addition to or without taking such action, direct that the whole or any portion of such funds as are lying in the Court to the credit of the account of the Paper-book concerned be withheld from the Advocate in question, and may pass orders for the disposal of the funds so withheld.

When the Taxing Officer is satisfied that the Paper-book has been properly prepared, he shall certify accordingly, and upon such certificate being granted, but not before, the balance of the amount due to the Advocate concerned shall be paid to him on application.

40. When a case is ready for hearing, the Deputy Registrar shall furnish the Advocates engaged on either side with the copies to which they are entitled under Rule 48 or Rule 52. The issue of the Paper-books to the Advocates will be notice to them that the case is ready for hearing.

41. The endorsement on every Paper-book prepared for the use of the High Court at the hearing of the appeal shall furnish the following information:—

(*a*) the number of the cause;

(*b*) the name of the Judge of the Court below,

(*c*) the names of the parties and their Advocates;

(*d*) the date of the institution of the suit;

(*e*) the date of the Lower Court's judgment;

(*f*) the date on which the appeal was filed; and

(*g*) the date on which the appeal was heard.

42. In appeals in which the respondent shall not have appointed an Advocate up to the date of the preparation of the Paper-book, an appendix containing the deposition of the serving officer and the return and the remarks of the lower Court as to the service shall be added to the Paper-book either in transcript or translation, according as they may be in English or in the vernacular.

—

43. The supplementary Paper-book after the receipt of finding of a lower Court in a case referred under Order XLI, Rules 25 and 27, Civil Procedure Code, shall be governed by the rules of this Chapter.

44. Notwithstanding anything contained in these rules, unless the Registrar shall otherwise direct, in appeals below Rs. 5,000 in value in which it appears that if Parts I and II of the Paper-book were printed, the total number of pages contained in the Paper-book would be 20 or less, 12 typed copies of the Paper-book shall be prepared at the cost of the Appellant. In such cases, the Appellant and the Respondent, if the latter enters appearance, shall be entitled to have, free of charge, as many copies of the Paper-book, not exceeding four on either side, as they may have Advocates engaged in the appeal. In any case, they shall each be entitled to two copies. Additional copies over and above those which may be supplied to the parties free of charge under this rule shall be charged for.

B—APPEALS FROM ORIGINAL DECREES VALUED UNDER Rs. 10,000.

45. Paper-books in all appeals valued under Rs. 10,000 shall be prepared by an Advocate duly authorised to act for the Appellant, subject to the translations being examined by a panel of examiners appointed by the Court.

Such Paper-books must be prepared within the period specified in Rule 38 but in calculating the said period the time actually taken in examining the translations shall be deducted.

46. The estimates for the preparation of the Paper-books in such appeals shall state separately the cost of translating, editing, printing, etc., at the following rates:—

(*a*) estimating at 10,000 words per rupee;

(*b*) translating at 150 vernacular words per rupee, three figures being counted as one word;

(*c*) examining translations at 300 vernacular words per rupee, three figures being counted as one word;

(*d*) copying at the rates specified in Chapter XIII;

(*e*) editing the Paper-book at eight annas a page if it is printed, and at five annas a page if it is typed;

(*f*) lithographing, drawing or tracing maps (where necessary)—actual cost;

(*g*) printing fee for 24 copies—

Ordinary matter (without marginal notes)—Actual cost, not exceeding Rupee 1-2 per page.

Tabular matter—Actual cost.

Note—(1) The above rates are liable to alteration.

(2) The charge for editing includes the charge for indexing if the Paper-book is printed and that for stationery if the Paper-book is typed.

(3) If the document to be translated is in any language other than the vernaculars of Bengal and Assam, a special rate may be fixed by the Registrar.

(4) Each item of cost in the preparation of the Paper-book at the rates specified above should be calculated to the nearest anna (fraction below half an anna being omitted and half an anna or over being reckon as one anna).

47. The Paper-book for the use of the High Court in such appeals shall be printed and edited in accordance with the following directions:—

(*i*) The printed Paper-book shall consist of two parts in the same volume, where practicable, viz., Part I and Part II. Part I shall contain the record of the proceedings in the Lower Court, and shall include all the papers mentioned in rule 11. These should be printed strictly in chronological order, that is, in the same order as the index. Part II shall contain the exhibits and documents relevant to the subject-matter

of the appeal which should be arranged in the manner prescribed in Rule 45, each document to show its exhibit mark and whether it is a plaintiff's or defendant's document (unless this is clear from the exhibit mark). Each Part should be paged at the foot of each page. The heading to each document should consist of the number or exhibit mark and the description of the document in the index with the date, and the corresponding English date must be given if the document bears any other date.

(ii) The index of Part I shall be in chronological order and shall be placed at the beginning of the volume. The index to Part II shall follow the order of the exhibit mark, and shall be placed immediately after the index to Part I. The documents in Part I should be numbered consecutively, while those in Part II should not be numbered apart from the exhibit mark. The index should contain a correct and full description of each document and references to the pages in the printed Paper-book. Whenever any document included in Part I or Part II of the Paper-book is dated according to Bengali fashion, the corresponding English date of such document must be entered in the index.

(iii) All papers which are not in English shall be translated into that language. Such translation and the original English papers shall be arranged and printed in Parts I and II in the order prescribed by the first sub-clause of this rule.

(iv) Maps forming part of a Paper-book shall be included in the index, but shall not be bound up with the other papers in the Paper-book. Such maps shall be drawn or printed on durable paper and they shall form a separate packet with a separate list.

Translations of vernacular phrases or figures that form part of a map must be submitted on a correct tracing of the map in question.

48. There shall ordinarily be printed 24 copies of the Paper-book, but the Registrar may, when necessary, direct a larger number to be printed. The appellant and respondent shall be entitled to have, free of charge, as many copies as they have Advocates engaged in the appeal. In any case they shall each be entitled to three copies.

C—APPEALS FROM ORIGINAL DECREES VALUED AT Rs. 10,000 OR OVER.

49. Paper-books in all Appeals valued at Rs. 10,000 or over shall be prepared by an Advocate duly authorised to act for the Appellant subject to the translations being examined by a panel of examiners appointed by the Court and the paper-book being edited by the Court's staff of Editors.

Such Paper-books must be prepared within the period specified in Rule 38 but in calculating the said period the time actually taken in examining the translations shall be deducted. Delay on the part of Editors will be no excuse for extending the time unless the same has been promptly and duly reported to the Registrar and his orders obtained.

50. The estimate for the preparation of the Paper-books in such Appeals shall be prepared in accordance with the particulars in Rule 46 above, except that—

(i) For "eight annas" in clause (c) should be read "ten annas"

(ii) For "24 copies" in clause (g) should be head "64 copies".

(iii) For "Rupee 1-2 per page" in clause (g) should be read "Rupee 1-6 per page".

51. Paper-books for the use of the High Court in such Appeals shall be printed and edited in accordance with the directions in Rule 47 above, with the additional direction that the printing of each separate document and exhibit shall begin on a separate sheet.

52. There shall ordinarily be printed 64 copies of the Paper-book, but the Registrar may, when necessary, direct a larger number to be printed. The appellant and respondent shall be entitled to have, free of charge, as many copies as they have Advocates engaged in the appeal. In any case they shall each be entitled to three copies.

53. On receipt of the printed Paper-books 40 copies thereof shall forthwith be kept in safe custody in the record-room for use in the event

of an appeal to the Privy Council. Of the remainder, 10 copies should be retained for use in the High Court.

Part III—Appeals from Appellate Decrees.

54. Paper-books in all Appeals from Appellate Decrees will consist of the following papers:—

(*a*) The judgment of the first Court.

(*b*) The judgment of the lower appellate Court.

(*c*) Any judgments or order of remand passed in the case either by the lower appellate Court in appeal or by the High Court on Second Appeal.

(*d*) The memorandum of Second Appeal.

Should any selected candidate become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled or not. In the former case, the candidate next in order of merit and in other respect duly qualified, shall be deemed to be a selected candidate.

Any candidate who at the ordinary session fails to show a minimum proficiency will be examined again at a special session. If he then attains adequate proficiency he will not be subjected to further tests in India. If he attains minimum proficiency he will be allowed to proceed to India under the same condition as if he had attained minimum proficiency at the ordinary session. No credit in marks will be given for any performance at a special session.

Probationers may also be examined in riding at such time or times as the Commissioners may appoint during the course of the probationary period.

(9) Such deductions as the Civil Service Commissioners may consider necessary will be made from the marks assigned to candidates at the Intermediate and Final Examinations in order to secure that no credit is allowed for merely superficial knowledge.

(10) The Civil Service Commissioners will prepare lists of the candidates in order of merit; the order for the one-year probationers being based on the sum of the marks obtained by the candidates at the Open Competitive and Final Examinations, the order for the two-year probationers being based on the sum of the marks obtained by the candidates at the Intermediate and Final Examinations.

(11) The selected candidates whose performance in the compulsory subjects* of the Final Examination is such as to satisfy the Civil Service Commissioners, and who have also satisfied the Commissioners of their eligibility in respect of nationality, age, health, character and conduct during the period of probation, shall be certified by the Commissioners to be entitled to be appointed to the Indian Civil Service, provided that they shall comply with the regulations in force, at the time, for that Service.

(12) If any candidate is prevented by sickness or any other adequate cause from attending the Final Examination, the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination. A selected candidate absent for such adequate cause from the Intermediate Examination may, under similar conditions, be allowed to appear at the Intermediate Examination a year later or at a special examination, or may be excused the Intermediate Examination and allowed to appear for the final examination in regular course.

Any candidate who at the Intermediate Examination shall appear to have wilfully neglected his studies, or to be physically incapacitated for pursuing the prescribed course of training, will be liable to have his name removed from the list of selected candidates.

ANNOUNCEMENTS

made by the Civil Service Commissioners with the authority of the Secretary of State for India in Council:—

(i) Selected candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.

(ii) An allowance of £300 a year, or, in the case of Selected Candidates possessing an Indian domicile, an allowance of £350 a year will be given to any candidate who passes his probation at one of the Universities or other Institutions that have been approved for the purpose by the Secretary of State for India in Council.

*The compulsory subjects include riding and a candidate who fails at the end of the period of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding will be liable to have his name removed from the list of selected candidates.

In the case of Selected Candidates on probation for one year the allowance will be payable in four equal instalments on the following dates respectively; December 24th after his selection, March 25th, June 25th and after signature of Covenant on appointment to the Service.

In the case of Selected Candidates on probation for two-years the allowance will be payable in eight equal instalments, the first on the December 24th after selection, the second to the seventh on the six following quarter days and the eighth after signature of Covenant on appointment to the Service.

The payment of the various instalments of the allowance except the final instalment, and, in the case of the two-year probationers, the instalment payable at the end of the first year of probation, will be conditional on the receipt by the High Commissioner for India, through the authorities of the approved institution, of a certificate that the candidate had fulfilled up to date the requirements of the authorities and shown satisfactory progress.

If an Indian Government Scholar becomes a selected candidate for the Indian Civil Service, his scholarship stipend shall cease to be paid with effect from the 1st October of the year in which he becomes a selected candidate. He may, however, provided he has executed the agreement referred to in (iii) below, be granted on, or at any time after, the 1st October, an advance on account of the instalment of the allowance payable on the 24th December.

The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

N. B.—The Secretary of State for India gives notice that the amount of the allowances will be reconsidered in 1929, with a view to a possible reduction with effect from the instalment payable in December 1929.

(iii) Each Candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety jointly and severally to refund all moneys he may have received from the Secretary of State for India in the event of:—

(1) his failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Indian Civil Service, or

(2) his subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.

(iv) All candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force they may be required to make for the pensions of their families. The stamps payable on these covenants amount to £1.

(v) A First Class passage to India will be engaged for Selected Candidates with a view to their proceeding to India after they have signed their covenants.

(vi) Candidates appointed to the Indian Civil Service after undergoing one year's probation will be senior to those appointed in the same year after undergoing two-years' probation. The seniority of candidates of each class *inter se* will be determined by the order in which their names appear on the lists referred to in clause 10 of the regulations.

(vii) A candidate who fails to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected unless the Secretary of State in Council shall after reference to the Civil Service Commissioners, allow him to sit for re-examination in the subject or subjects in which he failed. In general a candidate who is allowed re-examination will be required to forfeit the whole or part of the final instalment of his allowance, but if it appears to the Secretary of State in Council, after reference to the Civil Service Commissioners, that his failure to pass the examination was due to circumstances wholly exceptional and beyond his control, such forfeit of his allowance will not be required.

(viii) "Overseas pay" will not be admissible to Indian members of the Indian Civil Service selected at Open Competitive Examinations held in London in 1925 and subsequent years.

(Copies of this paper may be obtained on application to the Secretary to the Public Service Commission, Delhi/Simla).

Each candidate must fill up and submit two copies of this form, but only one copy of each of the documents be submitted with the application is required.

At the end of Rule 1 of the said Rules the following shall be inserted, namely:—

The 17th July 1929.

No. F.-15-X/R. II/29.—The following Resolution by the Secretary of State for India in Council is published for general information:—

In exercise of the powers conferred by sub-section (2) of section 96-B of the Government of India Act, the Secretary of State, with the concurrence of the majority of votes at a meeting of the Council of India held this 28th day of May 1929, hereby makes the following amendments to the Civil Service Regulations, namely:—

1. For Article 356 of the said Regulations, the following shall be substituted, namely:—

"356.—(a) Service rendered by an employee belonging to one of the classes mentioned in Note 2 below, after attaining the age of 20 years, which is pensionable under military rules but which terminates before a pension has been earned in respect of it, may, at the discretion of the Government of India or of the Provincial and minor Local Governments specified in Parts I and II of Appendix I to these Regulations, be allowed to count, when followed by service qualifying for pension under civil rules, as part of such service, provided that any bonus or gratuity received in lieu of pension on, or since, discharge from military service shall be refunded in such number of monthly instalments, not normally exceeding 36, and beginning from such date, as in each case the Government of India, Provincial Government or minor Local Government, as the case may be, may decide. Service so allowed to count shall, however, be restricted to service within or outside the employee's unit or department, in India or elsewhere, which has been paid for from Indian revenues or for which a pensionary contribution has been received by Indian revenues.

"(b) Service pensionable under military rules which does not terminate before a pension has been earned in respect of it shall not be allowed to count for pension under civil rules without the sanction of the Secretary of State in Council.

"Note 1.—An officer, ex-soldier or ex-airman will not be brought under the operation of this Article as a matter of course. Each case will be decided on its merits, *e.g.*, there may be cases in which it may be open to a claimant for pension to add military service during the Great War to former non-pensionable service in the Army in order to claim the benefit of a military pension. In such cases it may be to the advantage of the claimant that he should not be brought under the operation of this Article. The bearing of para. 574 of the Pay and Allowance Regulations of the Army in India, Part II, on the position of soldiers of the Indian Army who re-entered during the Great War, deserves consideration in this connection.

"Note 2.—This Article applies to Indian commissioned officers, non-commissioned officers and men of the Indian Army, and to non-combatant departmental and regimental employees and followers of the supplemental services. It also applies to warrant and non-commissioned officers and men of the British Service, and to warrant officers and departmental officers of the commissary and assistant-surgeon classes.

"Note 3.—To be eligible for the concession in this Article, the individual concerned should take his discharge from the Army or Royal Air Force within 12 months of the date of his confirmation in the appointment pensionable under civil rules. This limit may, in special cases, be relaxed by the Government of India.

"Note 4.—Employees in the Military Police have the option of counting service under any other rules in these Regulations which would give them a similar or more liberal concession.

"Note 5.—Employees who were in service in an appointment pensionable under civil rules on the 22nd February 1921 are eligible to count service under the rules which were in force before that date, where those rules are more advantageous to them."

2. In Article 357 of the said Regulations, for the words "the civil department," in both places where it occurs, the words "an appointment pensionable under civil rules" shall be substituted.

3. After Article 357 of the said Regulations, the following shall be inserted, namely:—

"357-A. Civil employees (other than members of All-India Services or of other Services or Departments governed by special orders) who, prior to their civil employment, have rendered satisfactory paid military service in the Great War, which does not ordinarily qualify for a service pension under military rules, shall be allowed to count such military service for the purpose of civil pension, subject to the observance of the following general principles:—

(1) Completed years of military service shall be allowed to count up to a maximum of four years.

(2) In the case of services in which a minimum age is fixed for recruitment, no military service rendered below that age shall be allowed to count for pension.

(3) The addition of war service shall not be included in total service under Article 408 of these Regulations for the purpose of counting leave as service for pension, nor allowed in addition to the concession in Article 403 or 404-A, but any Government servant who may be entitled to the concessions admissible under the latter Articles and to the concession in this Article, will be allowed to select whichever is more favourable.

(4) British and Indian military service shall be allowed to count alike for pension and no contribution towards, or share of, a pension earned as a result of this concession shall be claimed from the Home Government.

(5) No refund of military bonus or gratuity shall be demanded from the employee."
